Ilegalno useljeništvo nije problem samo u našem društvu, niti ilegalni useljenik pati samo zbog društvene izoliranosti. On zapravo najviše pati zbog razdvojenosti obitelji. Ovaj dokumentarac je nastao iz želje za sjedinjenjem obitelji koja to već dugo želi, pa makar samo putem kamere.

Illegal immigration is not only a problem for our society. Not only does the illegal immigrant suffer from social uprooting but also the most difficult part of this situation: the family division. This document was born of the desire to bring together, even if it was only through a camera, a family that since long ago wishes so.
