Ovaj film nas vodi na kratko ali napeto putovanje kroz pojas Gaze kad je u siječnju 2008. godine granica između Gaze i Egipta na kratko vrijeme pala. Na ovom putovanju istražujemo živote ljudi u Gazi koji žive pod okrutnom multilateralnom opsadom, i njihovu odlučnost da unesu normalne odnose i dostojanstvo u svoj svakodnevni život. Redateljica se neizbježno suočava i priznaje umiješanost svoje zemlje – Egipta – u ovu situaciju.

T*his film takes us on a short and intense journey through the Gaza Strip when the border between Gaza and Egypt briefly collapsed in January 2008. Through this journey we explore the lives of the people in Gaza who live under a brutal multi-lateral siege and their determination to bring normality and dignity to their day to day lives. Inevitably the director encounters and acknowledges the involvement of her own country – Egypt – in this situation.*
