Pozdrav iz Alepa otkriva kako se malo vijesti o Siriji podudaraju s iskustvima svakodnevnog života. Snimatelj Issa Touma izbjegava velike izjave; on snima život, nedosljednosti i postojanosti kako se otkrivaju pred njegovom kamerom. Rat je tragičan i apsurdan. Preživljavanje je često vrlo nadrealno i dirljivo u ovom ratom razorenom gradu.

Greetings From Aleppo reveals how little the news about Syria corresponds with the experiences of everyday life. Photographer Issa Touma keeps away from bold declarations; he films life, the inconsistencies and perseverance as they reveal themselves in front of his camera. War is tragic and absurd. Surviving is often highly surreal and touching in this war-torn city.
