Gradski planeri odlučili su porušiti stare dijelove Šangaja kako bi obnovili grad. Svake godine preko stotinu tisuća obitelji primorano je napustiti svoje domove i preseliti se u zgrade u predgrađu. "U izgradnji" je dvodimenzionalni i trodimenzionalni let iznad sada porušenih stambenih zona Šangaja.

City planners decided to pull down parts of Shanghai's old town in order to regenerate the city. Every year more than one hundred thousand families are forced to leave their homes and move into buildings on the edge of city. "Under construction" is a two- and three- dimensional flight across the now destroyed living areas of Shanghai.
