Hadasa Hess usamljena je 96-godišnjakinja koja provodi dane u svojoj dnevnoj sobi. Nalakiranih noktiju i nacrtanih obrva, ona puši, pije konjak i vodi dijalog sa smrću.

Hadasa Hess is a lonely ninety six year old woman who spends her days in her living room. With her manicured nails and well-penciled eyebrows, she smokes, drinks cognac and carries on a dialog with death.
