Bili, Vlado, Crni, Trla... pripadnici deminerske postrojbe u sastavu Oružanih snaga BiH, koji su u 15 godina deminerskog staža iza sebe ostavili hektare očišćenih minskih polja. Premda su sva četvorica trebala odavno otići u mirovinu i danas s pipalicama, minskim detektorima pužu po minama zasijanim poljima. Razdvojeni od svojih obitelji danima, spavaju u iznajmljenim stanovima, kućama jer vojarne nisu uvjetne za smještaj vojnika. Sami kupuju i kuhaju hranu, peru garderobu... Fizički naporan i po život opasan posao u kojem pogreške ne smije biti. Unatoč svemu, Bilom, Vladi, Crnom i Trli nije uništen smisao za humor i ljubav prema još jednom adrenalinskom hobiju, a to je letenje paraglaiderom. Nakon deminiranja terena, ostatak slobodnog vremena provode u letenju paraglaidingom, iznad istih minskih polja koja razminiravaju. Dokumentarac je posveta ljudima koji na zemlji i u zraku žive s opasnošću. Imaju adrenalinski posao, ali i adrenalinski hobi u kojem ih minimalna pogreška vodi u sigurnu smrt.

Bili, Vlado, Crni, Trla are members of demining squad within the BiH Army, who have left acres of demined fields behind during the 15 years of their work. Although all four of them should have been retired long ago, they still keep crawling through the minefields with tentacles and mine detectors. Separated from their families for days and days, they dwell in rented flats or houses, since the military barracks are not in the condition suitable for soldiers' accommodation. They purchase and prepare food for themselves, do their laundry... A hard toil and life jeopardizing work where mistakes are not allowed. In spite of all, Bili, Vlado, Crni and Trla have kept their sense of humor and love for yet another high adrenaline hobby, which is paragliding. After demining, they spend their free time in paragliding over the same minefields where they were working. The documentary is dedicated to the people who live with danger both on earth and in the air. In both their adrenaline jobs and adrenaline hobbies only one small error leads to certain death.
