Ljeto je 1968. godine. Na otvorenom moru pred obalama Rimini, jedan inženjer proglašava neovisnost jedne nacije na platformi koju je sam sagradio. To je rodni list "Libera teritorio de la Insulo de la Rozoj", u prijevodu s esperanta "slobodni teritorij otoka ruža". Ova građevina usred Jadranskog mora postaje međunarodni slučaj koji pobuđuje i nade i strahove. Film iznosi na vidjelo povijest jedne utopije, prateći život jednog čovjeka koji je imao dovoljno hrabrosti da sanja.

It's the summer of 1968. In the open sea, out of the coasts of Rimini, an engineer proclaims the independence of a nation risen on a platform built by himself. It's the birth certificate of the "Libera teritorio de la Insulo de la Rozoj", esperanto translation of "Free territory of Rose Island". This structure in the middle of the Adriatic Sea becomes an International case stirring up both fears and hopes. The movie brings to light the history of an utopia, following the life of a man who was brave enough to dream.
