Gradom, tunelima, uskim ulicama Avignona, Djilali nas vodi u utrobu labirinta svog života. On i redateljica razgovaraju u ritmu svojih koraka, noću ili danju. Dijeljenjem svojih priča, iskustava i snova, Djilali nam omogućuje da vidimo i razmišljamo o drugoj strani našeg vremena.

*By city, tunnels, narrow streets of Avignon, Djilali takes us into a maze, that of his life. He and the director converse, day or night, to the rhythm of their walk. Djilali, by sharing his stories, his experiences and his dreams, allows us to see and think about another side of our Times.*
