Ekipa filma obilazi sirijski izbjeglički kamp u Libanonu. Izbjeglice se kriju od rata. Djeca se igraju skrivača. Filmska ekipa pokušava ostati u pozadini; i oni se skrivaju. Tema Igre skrivača je sastavljena od sinergije stvarnosti, fikcije i samoga procesa snimanja. Proturječja nastaju kad se posve različiti svjetovi sudare u isto vrijeme i na istome mjestu.

*Film crew visits a Syrian refugee camp in Lebanon. The refugees are hiding from the war. The children play hide and seek. The film crew tries to stay in the background; they too are hiding. The theme of EL JUEGO DEL ESCONDITE is composed of the synergies of reality, fiction and the filming process itself. Contradictions arise when disparate worlds collide at the same time and place.*
