Film bilježi kavanske razgovore vlasnika kafića prije nego ga zauvijek zatvore i otvore novo poglavje u životu. Erna i Dževad vlasnici su buffeta na autobusnom kolodvoru pokraj ulaza u nekoć jednu od većih željezara istočne Europe. Iz opservacijskom tehnikom snimljenih „birtijskih razgovora“ posljednjih tjeđana buffeta pred zatvaranje, izbjiga nova utopija bivših socijalističkih trudbenika – kako se dočepati Njemačke, jedinog preostalog raja na zemlji.

The documentary records café conversations of the owners a week before closing the café for good. Erna and Dževad own a bus stop bar by the entrance to once one of the largest ironworks in Eastern Europe. The ‘pub talks’ filmed by observation technique the last week before the bar’s final closure reveal former socialist labourers’ new utopia - how to get hold of Germany, the only remaining paradise on earth.
