FESTIVAL U SREDIŠTU ZEMLJE

Kao da je izašao iz ljuštare na svjetlo dana, čovjek je dočekao smirivanje virusne nemani zvane korona. Udomaćila se u čovjeku, zemlji, zraku i vijestima. Zagledani u budućnost učimo iz prošlosti i laganim udajisjima krećemo, nadam se, u bolji i zdraviji svijet. Stidno se vraćamo u kino dvorane i na kulturne događaje, ovog puta više ljudski prisno nego neopipljivo virtualno. Naš festival, osluškujući vijesti, želi prodisati starim zdravim plućima i biti nova nada na kraju ljeta u Hercegovini. Vraćamo se nakon svima znane pauze, a ekipa festivala, uglavnom imuna na sojeve virusa, s novim elanom je radila na 22. izdanju festivala.

Selektirati između 300 filmova je posao za dugoprugaše prikovane uz ekran, u nadi da će maratonskim gledanjem pronaći najbolje što se produciralo ove i prošle godine na Mediteranu. Na neki način selektorima je potrebna filmska karantena.

Filmovi koje donosimo u novom izdanju neke će ostaviti bez daha, ne zbog korone već zbog priča koje su redatelji vlastitim umijećem prenijeli na velika platna. Kisika neće nedostajati, ali ni vizualnog umijeća u dokumentarnim djelima mediteranske selekcije natjecateljskog programa. Ne manje važan popratni filmski program posjetiteljima našeg festivala, kao i uvijek, predstavlja presjek ranih ra-

dova bh autora do novih svjetskih ostvarenja. Neke filmove iz Hercegovine smo izvukli iz arhiva, a neki će nam prikazati "bespomoćnu" borbu s pandemijom u prošle dvije godine. Na repertoaru programa U fokusu novi su filmovi koji se bave aktualnim temama Mediterana i ljudskim sudbinama uzavrele društvene zbilje. Najnoviji svjetski dokumentarci iigrani filmovi iz regije još su jedno čudo filmske industrije jer su stvarani pod maskama i u uvjetima epidemioloških mjera. Ipak su tu, završeni i spremni za prikazivanje. Filmska radionica u punom kapacitetu stvara nove filmske znalce, one na kojima svijet filma ostaje i koji su jamstvo buduće kinematografije. Granice se polako otvaraju i naši gosti su opet tu. Gledatelji, redatelji, žiri, filmski kritičari i novinari, s nama će ponovno u avanturu jedinstvenog Mediteran Film Festivala. A festival i Hercegovina im može ponuditi najljepše zakutke svijeta kroz filmski program, jedinstvenu prirodu i autohtonu gastro čaroliju. Na krilima nove tehnološke revolucije festival će biti vidljiv i onima koji ne budu s nama. Virtualni pristup festivalu je naslijede koje je kreirao virus i razdvojio nas od publike i gostiju. Uživo i online je novo normalno stanje koje i onima koji nisu tu omogućuje uvid u programske sadržaj festivala. Kratka devijacija kompasa i skretanje s kursa su popravljeni, i sada plovimo pravim meridianima. Na dokovima Kina Borak, Otvorenog kina i Festivalskog trga iskrcać će se putnici kojima je nedostajala ova plovidba. S mora iz središta zemlje doplovit će najviše zastava u povijesti festivala. Ugasiti će se ponovno svjetla, a snopovi projektora poslat će najljepše slike prema našem izboru. Na velikom platnu ispisat će se novi kontinuitet filmskog stvaralaštva. U nadi da se filmske role nikada više ne zaustave želim vam vrhunske projekcije i ugodno druženje na 22. Mediteran Film Festivalu. ☺

FESTIVAL IN THE CENTRE OF EARTH

As if coming out from a shell into the daylight, people finally welcomed calming of the viral monster called coronavirus. It has domesticated in humans, earth, air and news. Gazing into the future, we are learning from the past and with light breaths we are hopefully moving to a better and healthier world. We are shyly coming back to cinemas and cultural events, this time more humanly intimate than intangibly virtual. Listening to the news, our Festival wants to breathe with the old healthy lungs and be the new hope at the end of summer in Herzegovina. We are coming back after a well-known break and the Festival team, mostly immune to virus variants, has been working on the 22nd edition of the Festival with a new enthusiasm.

Selecting between 300 films is a job for patient film lovers nailed to the screen, hoping to find the best that was produced this and last year in the Mediterranean by marathon watching. In a way selectors need film quarantine. The films we are bringing in this new edition will

leave some breathless, not because of Covid, but because of the stories that the directors have transferred to the big screens with their own skills. There will be no lack of oxygen or visual skills in the documentary works of the Mediterranean competition program selection.

Not less important is the accompanying film program which, as always, is going to present a cross-section of early works by B&H authors and new world achievements to the visitors of our Festival.

We have pulled some films from Herzegovina out of the archives, and some will show us the "helpless" fight against the pandemic in the last two years. The repertoire of the In Focus program includes new films dealing with current topics of the Medi-

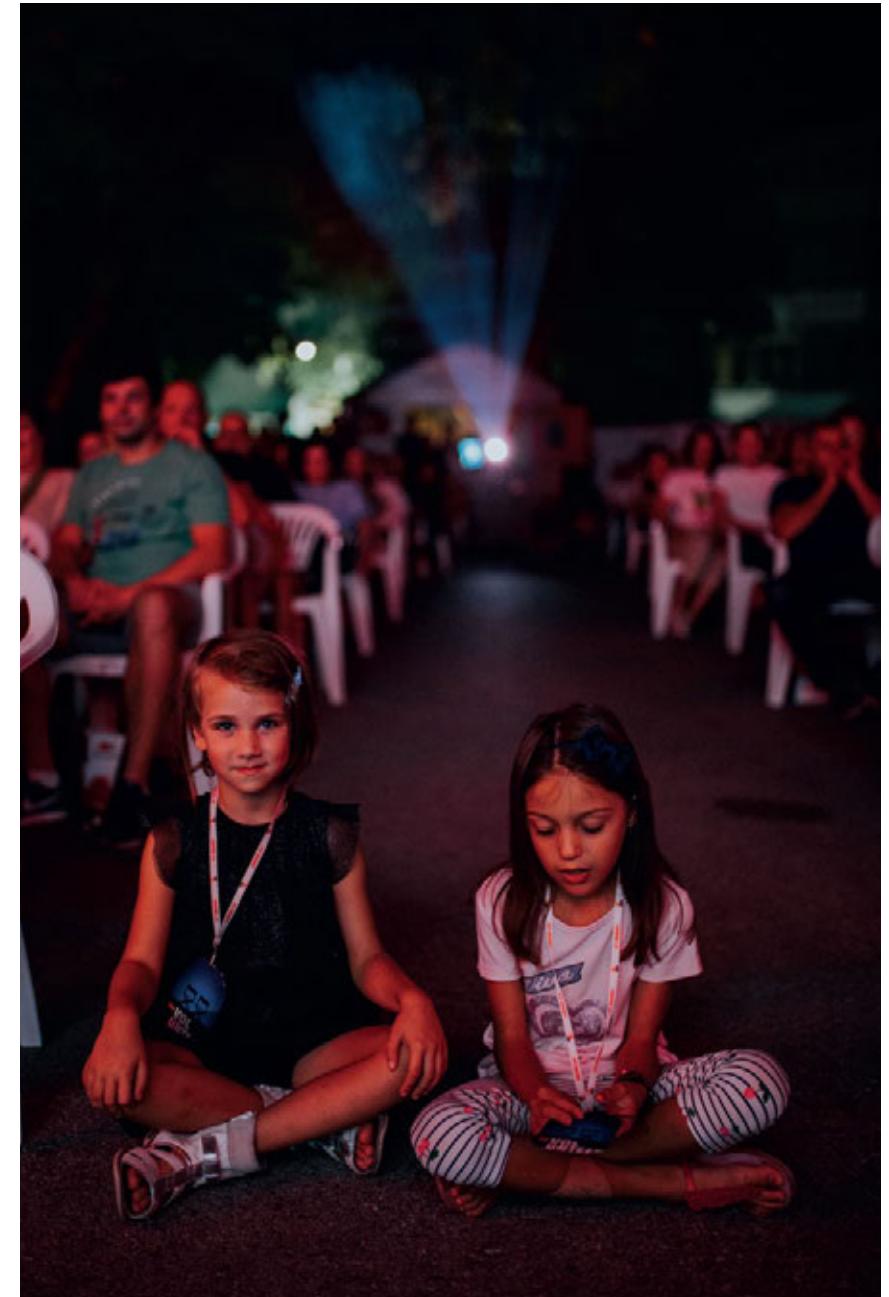

ranean and human destinies in boiling social realities. The latest world documentaries and feature films from the region are another miracle of the film industry because they have been created under masks and in the conditions of epidemiological measures. Yet, there they are, finished and ready for screenings.

The film workshop in full capacity creates new film connoisseurs, those who will inherit the world of film and who are the guarantee of the future cinematography.

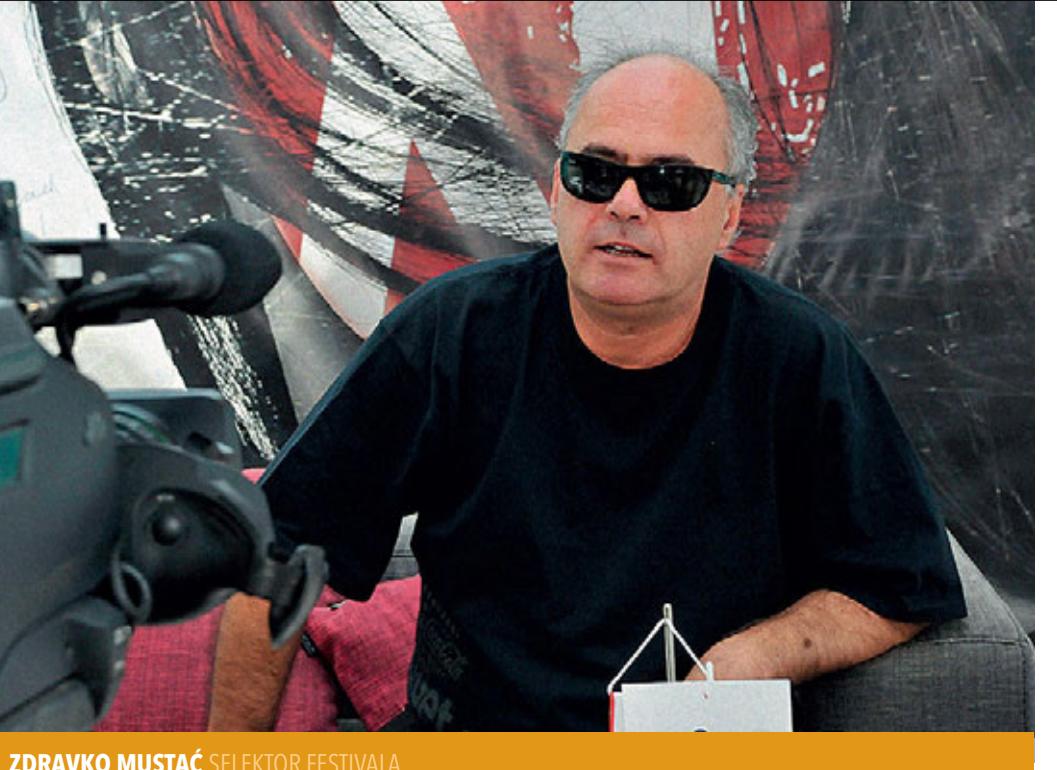

The borders are slowly opening and our guests are here again. The viewers, directors, the jury, film critics and journalists are joining us again in the adventure of the unique Mediterranean Film Festival. And the Festival and Herzegovina can offer them the most beautiful corners of the world through

the film program, unique nature and indigenous gastronomic magic. On the wings of the new technological revolution, the Festival will be visible to those who are not with us. The virtual access to the Festival is inheritance created by the virus that separated us from the audience and guests. Live and online is a new normal state that allows those who are not there to see the program of the Festival. A short deviation of the compass and turn from the route has been fixed, and we are now sailing on the right meridians. Passengers who have missed this voyage are going to land at the docks of Kino Borak, Open Cinema and Festival Square. More flags than ever in the history of the Festival will arrive from the sea from the centre of the Earth. The lights will go out again, and the beams of the projector will send out the most beautiful images at our choice. A new continuity of filmmaking will be printed out on the big screen. In hope that film roles never stop again, I wish you first-rate screenings and pleasant company at the 22nd Mediterranean Film Festival. ☺

U INAT ZARAZI

Ove godine, nesretne godine, kao i one prije nje, u inat koroni na 22. MFF prijavljeno je rekordnih 300 filmskih uradaka. Mediteranski filmaši su se odvažili i usprkos brzoširećoj zarazi realizirali mnoštvo istinskih dokumentarnih filmskih poslastica. Neke od njih čemo ove godine gledati u Širokom Brijegu.

Filmove koje smo dobili na razmatranje prvenstveno odlikuje tematska raznolikost i koncentracijska zaokruženost. Nije, kao što bi se na prvi mah moglo pomisliti, u prvi plan izbila korona kao protagonist i njezina pošast, dapače, ponudeno je samo nekoliko uradaka koji

su se na manje-više brzinski i nemušti način dotakli ove bolesti i ništa više. Autori su se uglavnom fokusirali na morske motive, socijalna previranja u svojim društvima, obiteljske tegobe kroz autobiografske vizure, pratili smo izbjeglice, ratne traume, nudi nam se i gomila filmova koji se referiraju na blisku ili daljnju prošlost u vidu arhivskih snimaka ili fotografija, te dugačkih ispovijesti koje se prečesto suprotstavljaju sadašnjem trenutku.

U formalnom smislu bili smo suočeni s lepezzom autorskih viđenja i propitivanja. Od istraživačko-novinarskih uradaka preko preciznih

rekonstrukcijskih oblika izražavanja, pa sve do slobodne forme pripovijedanja koja od konzumenata opet iziskuje i određeni napor u iščitavanju. Susreli smo se i s mnoštvom hibridnih uradaka koji mijesaju filmske rodove i žanrovske obrasce, ali ipak na kraju najčešća forma izlaganja filmske materije je ispovjedni tip realnog prezentiranja. Kroz deset odabralih kratkometražnih filmova za konkureniju moći ćemo ispratiti brdo istinskih dostignuća u dokumentaristici naših dana. Gledat ćemo tako dnevnički film kao putopis kroz ratni Alep u Siriji. Talijanski filmaš ulazi u srce stradanja. Gledamo zatim starca koji održava knjižnicu punu starih knjiga. Rutinski obavlja svoj ustajali posao. Nitko više ne dolazi kod njega. Nitko više ne čita. Usamljeni čovjek spojen s knjigama. Mračni običaji nas čekaju na karnevalu u Galiciji. Rituali koji otkrivaju igraće s pradavnom tradicijom tame i blata. Čeka nas i prodavač voća na talijanskoj obali. U maniri čistog filma pratimo usamljenog četrdesetogodišnjaka u pojednostavljenom načinu uzimanja ozbiljnog života u svoje ruke.

Imamo i konceptualno vezivanje žene i vune. Vuna kao umjetnički proces. Vuna kao ples. Vuna kao žena. Vuna kao obrađeni materijal i duhovni izazov.

Autentične nevolje i neprilike u življenu mladih Palestinaca naseljenih u Libanonu, kroz kameru koja hoda s njima u korak po gradu i po njihovim raspoloženjima.

Vidimo i afrički obredni način prožimanja srove realnosti. Iskopavanja. Ribarenja. Noćni život u

selu. Razotkrivanje trauma kod silovanih djevojčica. I na kraju smrt. Sjeverna Sahara. Žena koja sakuplja mine. Paradoksalna poetska romansa pejzaža i surovog zanimanja koji se sudaraju među prstima ženstvenog uklanjanja prijeteće opasnosti. Portret stare kuće. Starog doma. Soba i prostora. Memorije i uspomena. Spremanje. S kišom odlazi i starica s ovoga svijeta. Odlazi u vječnost, a ostaje kuća koju treba uljepšati za neka nova vremena. Ispovijest istarske žene koja u Italiji radi kao njegovateljica. Kroz precizan autorski rukopis gledamo ruke žene koje stvaraju finu simfoniju pokreta i kadrova u otvorenoj strukturi.

Čeka nas i deset dugometražnih dokumentarnih filmova odabralih u konkurenциju. U njima ćemo opet gledati svakovrsne filmske preokupacije. Marokanska autorica kroz duge monologe, pokušaje razgovora i njegu svoje dementne majke, lagano nas uvlači u svoju filmsku igru i otkriva burnu prošlost i sve oluje kroz koje je prolazila njezina cijela obitelj. Kanarski otoci. Žene i djeca bez muškaraca preživljavaju od vadjenja pjeska iz mora i prodaje. Sofisticirana fotografija i umjesna produkcija otkrivaju svu njihovu snagu i odlučnost. Mexico. Tijuana. Grаницa sa SAD-om. Priče ljudi koji su deportirani. Priče ljudi koji bi opet preko granice. Sudbine dvoje braće i njihovo seljakanje s jedne na drugu stranu granice. Iscrplni, perfekcionistički, dosljedan izvještaj o brodu i njegovoj posadi negdje na grčkoj obali.

Gledamo brod koji miruje. Koji se sprema. I brod koji plovi, putuje i prevozi putnike.

Morski život koji vibrira punim intenzitetom. Artificijelni prikaz misterija jednog malog španjolskog mjesta na moru. Statičnim i komornim rekonstrukcijama hvatamo genezu cijele mistike u ovom trenu i prošlosti jednog naselja i njegovih ljudi.

Idemo s ocem i dva sina u skupljanje starog željeza. Paralelno pratimo i dvojicu migranata u pokušajima da osmisle iole normalno postojanje. Borba za preživljavanjem zauzima skoro cijeli ekran.

Kongo. Život običnih ljudi. Fascinantna vizualnost u sitnim dostignućima svakidašnjice afričkih ljudi. Sudbina bosanske izbjeglice u Barceloni. Prolazimo kroz reminiscenciju, stare VHS snimke i kroz povratak nakon prohujalih godina u izgnanstvu natrag u rodnu Srebrenicu. Potraga za svojim rođenim.

Izraelski autor porijeklom iz Dagestana kroz kompilacijski i dnevničko-autorefleksivni rukopis dočarava obrise i čežnju svoje obitelji koja je rasplinuta između nekoliko za vičaja. U glavnim ulogama hrabra majka i neprilagoden otac u stalnim sukobima.

Najpoetičnija etida o najezdi noćnih leptira na jedan maleni belgijski gradić. Promatramo na koji se način mlađi junaci filma nose s ovom neobičnom invazijom i na koji način im ova navala utječe i formira njihovu sliku o odrastanju.

Nadamo se na kraju da će zainteresirani gledatelj uspjeti pronaći jedan dobar djelić filmofilskog užitka prilikom konzumiranja bilo kojeg od ovih odabralih ostvarenja. ☺

IN SPITE OF CONTAGION

This unfortunate year, as well as the previous one, a record 300 films were submitted for the 22 MFF in spite of the Coronavirus. Mediterranean filmmakers dared and, despite rapidly spreading contagion, created a variety of true documentary treats. We are going to see some of them this year in Široki Brijeg.

The films submitted for consideration are primarily characterised by thematic diversity and completeness. As one might think at first, the coronavirus and its plague did not come to the fore as the protagonist, on the contrary, there were only a few works that touched on this disease in a more or less fast and silent way and nothing more. The authors mainly focused on maritime motives, social turmoil in their societies, family difficulties through autobiographical perspective. We have followed refugees, war traumas; we have been offered a bunch of films that refer to the recent or distant past in the form of archive footage or photographs, and of long confessions that

often oppose the present moment. In a formal sense we have been faced with a range of authors' observations and questionings. From investigative-journalistic through precise reconstruction forms of expression, all the way to free form of storytelling which requires a certain effort in reading from the consumers.

We have also encountered a multitude of hybrid works that mix film genres and genre patterns, yet in the end the most common form of presentation of the film substance is the confessional type of realistic presentation.

In ten selected short films for the competition, we will be able to see abundance of true achievements in the current documentary filmmaking. We are going to see a diary film which is a kind of a travel book through wartime Aleppo. An Italian filmmaker enters into the heart of sufferings.

Then, we are going to watch an old man who preserves a library full of old books. He routinely does his stale job.

Nobody comes to him anymore. Nobody reads. A lonely man connected with books. Obscure customs are waiting for us in Galicia, rituals that reveal playing with the ancient tradition of darkness and mud. A fruit seller is also waiting for us at the Italian coast. In the manner of pure film we are following a lonely forty-year-old man in a simplified way of taking a serious life into his own hands.

We also have a conceptual bonding of a woman and wool. Wool as an artistic process. Wool as a dance. Wool as a woman. Wool as a processed material and a spiritual challenge.

Authentic troubles and hardships in the lives of young Palestinians living in Lebanon presented through the camera that walks with them step by step around the city and their moods. We are also going to see the African ritual way of interpretation of the cruel reality. Excavations. Fishing. Nightlife in the village. Revealing the traumas of raped girls. And finally death.

Northern Sahara. A woman that collects mines. A paradoxical poetic romance of a landscape and cruel occupation colliding between the fingers of feminine removal of the threatening danger. A portrait of an old house, an old home, rooms and spaces, memories and remembrances, tidying up. An old woman is leaving from this world with the rain. She is going to eternity and the house that needs to be decorated for some new times remains behind. Confession of an Istrian woman working in Italy as a nurse. In a precise author's writing we see the hands

of a woman that create a fine symphony of movements and shots in an open structure. There are also ten feature documentaries selected for the competition ahead of us. We are again going to see all kinds of film preoccupations. The Moroccan author gently draws us into her film play through long monologues, attempts at conversation and the care of her demented mother and reveals the turbulent past and all the storms her entire family has gone through. Canary Islands. Women and children without men survive by extracting sand from the sea and selling it. Sophisticated photography and skillful production reveal all their strength and determination. Mexico. Tijuana. The border with the USA. The stories of the people that have been deported. The stories of the people who would cross the border again. The destiny of a Bosnian refugee in Barcelona. We are going over the reminiscence, old VHS recordings and the return after the years spent in exile back to hometown of Srebrenica. A search for the native.

on the Greek coast. We are watching the ship at rest, that is getting ready, and the ship that sails, travels and transports passengers.

Marine life that vibrates at full intensity. An artificial depiction of the mysteries of a small Spanish place at the sea. With static and chamber reconstructions we capture the genesis of the whole mystique of this moment and the past of the place and its people.

We are going with a father and two sons to collect scrap metal. At the same time, we are following two migrants in their attempts to create a somewhat normal existence. The struggle for survival takes up almost the entire screen.

Congo. Life of ordinary people. Fascinating visuality in small achievements of the daily life of African people. The destiny of a Bosnian refugee in Barcelona. We are going over the reminiscence, old VHS recordings and the return after the years spent in exile back to hometown of Srebrenica. A search for the native.

The Israeli author, originally from Dagestan, evokes the outlines and longing of his family, which is blurred between several homelands, through a compilation and diary-auto reflexive manuscript. A brave mother and unadjusted father in constant conflicts are the leading roles.

The most poetic etude about the invasion of moths on a small Belgian town. We observe how the young heroes of the film cope with this unusual invasion and how this invasion affects them and forms their image of growing up. We hope that the interested viewer will succeed to find a god piece of film-loving pleasure when consuming any of these selected works. ☺

U Tijuani je svake godine oko 30.000 Meksikanaca koji su bili prisiljeni napustiti Sjedinjene Američke Države. Mnogi od njih desetljećima su živjeli na američkoj strani granice, radili, plaćali poreze i osnovali obitelji. S migracijskom politikom Donalda Trumpa Meksiko doživljava val masovne repatrijacije. Očevi i majke koji žive u SAD-u desetljećima odvajaju se od svoje djece. Ovaj pogranični grad postao je komora između dva svijeta gdje mnogi Meksikanci podnose muke migrantskog života. Za mnoge od njih "Pozivni centri" Tijuane predstavljaju jedini spas. Na telefonu 10 sati dnevno američkim građanima pomažu u vođenju gospodarstva one zemlje koja ih je odbila. Južno od zida, rasna isključenost je nemilosrdna i mora se puno učiniti za iskupljenje onih koji su prisiljeni napustiti Ameriku.

In Tijuana, around 30,000 Mexicans are forced to leave the United States every year. Many amongst them have lived for decades on the US side of the border. They have worked, paid taxes, and started families. With Donald Trump's migration policy, Mexico is experiencing a massive wave of repatriation. Fathers and mothers who have lived in the United States for decades are being separated from their children. This border town has become an airlock between two worlds where many Mexicans endure the hardships of living life as a migrant. For many of them, the "Call Centres" of Tijuana represent the only salvation. On the phone 10 hours a day to American citizens, they help run the economy of the very country that has rejected them. South of the wall, racial exclusion is merciless and there is much to be done to make amends to those who are forced to leave America.

Već 40 godina legendarni grčki brod Express Scopelitis duša je malih Ciklada. Plovimo s njim promatrajući život mornara na brodu i zimski život na otocima. Film je pohvala životu između neba i mora. Balansira na rubu između stvarnosti i transcendencije, na isti način na koji životi pomoraca uz veliki napor balansiraju između kopna i mora.

For 40 years now, legendary Greek boat Express Scopelitis is the soul of Small Cyclades. We sail with her, watching sailors' life on board and winter life on the islands. The film is a praise to a life lived between heaven and sea. It balances on the edge between reality and transcendence, the same way that seamen's lives balance, with great effort, between land and sea.

Pod sicilijanskim jarkim suncem Oscar skuplja otpadni metal sa svojim ocem. Na drugom kraju grada Stanley, izbjeglica iz Nigerije, radi sve kako bi preživio - sređuje crkvu, bere voće i čuva ovce. Obojica dijele želju za boljim životom i osjećaj da su bačeni u svijet, podnoseći odluke koje su drugi donijeli. Upoznaju se u katarzičnom susretu koji je podjednako dirljiv kao i kratkotrajan. Zapanjujuća fotografija filma otkriva surovu stvarnost s kojom se suočavaju, kao i njihovu nadu koja opstaje tamo gdje malo toga preživi.

Under the Sicilian sunlight, Oscar collects scrap metal with his father. At the other end of town, Stanley, a Nigerian refugee, tidies the church, picks fruit, and herds sheep – anything to survive. Both share a desire for a better life, and a feeling of having been thrown to the world, enduring the choices made by others. They meet, in a cathartic encounter that is as intensely moving as it is fleeting. The film's stunning cinematography reveals the harsh realities they face, and their hope that survives against the odds, where little else does.

Demokratska Republika Kongo mogla bi prehraniti gotovo svakog drugog čovjeka na Zemlji. Ipak, svaki šesti Kongoanac pati od gladi, a svaki drugi Kongoanac pati od umjerene akutne pothranjenosti. U zemlji u kojoj se poljoprivredom bavi 70 posto stanovništva. Suočeni s tim paradoksom seljaci se okupljaju u poljoprivredne zadruge. Nekolicina njih dijeli svoj svakodnevni život s nama, život svih onih koje oni predstavljaju. Čak i ako se ne poznaju, žive tisućama stotina kilometara jedni od drugih i sudjeluju u različitim poljoprivrednim sektorima, njihov glas odjekuje u ovom moćnom, osjetljivom i iskrenom dokumentarcu.

The Democratic Republic of Congo could feed almost 1 in 2 people on Earth. Yet one in six Congolese people suffer from hunger. Yet one in two Congolese suffers from moderate acute malnutrition. Yet agriculture accounts for 70% of the population there. Faced with this paradox, the peasants regroup in agricultural cooperatives. A handful of them share their daily lives with us, that of all those they represent. Even if they don't know each other, live thousands of hundreds of kilometres from each other, participate in different agricultural sectors, their voices resonate in this powerful, sensitive and sincere documentary.

TIJELA THE BODIES

REDATELJ / DIRECTOR ELOY DOMÍNGUEZ SERÉN

scenarist / screenwriter: Eloy Domínguez Serén; snimatelj / cinematographer: Eloy Domínguez Serén; montaža / editing: Eloy Domínguez Serén; producent / producer: Beli Martínez; zemlja / country of origin: Španjolska / Spain; godina / year of production: 2020.; trajanje / duration: 11 min.

U Galiciji, sjeverozapadnoj španjolskoj regiji, svake godine odvija se jedan od najstarijih oblika karnevala. Kroz nekoliko dana prostiru se povorke felosa i peliqueirosa, likova koji nose spektakularne odore koje uključuju upečatljivu masku i velika zvona nanizana na remenu. Druga tradicija je farrapada u kojoj sudionici gadaju jedni druge krpama prekrivenim blatom. Tu je i borba u kojoj se na sudionike bacaju brašno i mravi. Neobične proslave osvijetljene bakljama i popraćene bubenjevima, uvjerljivo su snimljene u ovom kratkom dokumentarnom filmu - kao da sami stojite među veseljacima, uronjeni u drevni poganski ritual. Noćne scene gomile koja tulumari, često tijesno zbijene, dobivaju dodatni značaj spoznajom da se ovo slavlje održalo krajem veljače, samo deset dana prije prvog potvrđenog slučaja Covid-19 u regiji.

In Galicia, Spain's most north-western region, one of the oldest forms of Carnival takes place every year. Spread over several days are parades with *felos* and *peliqueiros*, characters who wear spectacular outfits, including a striking mask and a belt strung with large cowbells. Another tradition is the *farrapada*, in which participants pelt each other with rags covered in mud. There is also a fight in which flour and ants are thrown on the participants, and a huge model ant towers above the crowd. The peculiar celebrations, lit by torches and accompanied by drums, are compellingly filmed in this short documentary—it is as if you were standing among the revelers yourself, immersed in an age-old pagan ritual. The nighttime scenes of a partying crowd, often packed tightly together, gain extra significance in the knowledge that this celebration took place in late February, just ten days before the first confirmed case of Covid-19 in the region.

Osmišljeno kako bi stvorilo krajolik susreta između narodnog jezika i onoga što dolazi, [be e e e e e e e e e e e e] osjetilno je i kontemplativno iskustvo koje uključuje filmsko i izvedbeno sustvaranje na temu zaboravljenih prostora i stvarnosti. Proces osobne transformacije koju vodi Beatriz Ballester u kojoj je proživljeno iskuštenje sadržano kroz njihovo estetsko i vizualno putovanje.

Devised to create a landscape of encounter between the vernacular and what is to come, [be e e e e e e e e e e e e e e e e e e] is a sensory and contemplative experience involving filmic and performative co-creation on the theme of forgotten spaces and realities. Junak priče mjesto je istinske smirenosti, čistoće i spokoja: dušebrničko svetište na osamljenom otočiću posvećeno Gospo od stijena. Danas se suočava s čudnim, višezačnim antagonistom: brzinom, nemirom, površnošću i taštinom moderne ere. Nebesko nasuprot zemaljskom, privremeno nasuprot vječnom, materijalno nasuprot duhovnom...

The hero of the story is the place of the true calmness, purity and serenity: a quincentenary shrine on the lonely islet dedicated to Our Lady of The Rocks. Nowadays it is facing a strange, multifaceted antagonist: speed, tumult, superficiality, and vanity of the modern era. Heavenly vs. mundane, temporary vs. eternal, material versus spiritual...

Dva mjeseca nakon eksplozije koja je razorila Bejrut, stanovnici grada još uvijek se tresu od siline eksplozije i nagomilanog zla kojemu su već desetljećima izloženi. Carol Mansour istražila je svoj grad nakon eksplozije, razgovarajući s prijateljima i razmjenjujući razmišljanja o onome što se dogodilo i posljedicama događaja na njih, u iskrenim nepisanim glasovnim porukama. Osjećaj bespomoćnosti, frustracije i goleme ljutnje na političku klasu prožimaju ovaj kratki film dok nas vodi u obilazak uništenih domova, egzistencije i života.

Two months after the massive explosion that devastated Beirut, the inhabitants of the city are still reeling from the force of the blast and the accumulated evil they have been subjected to for decades. Carol Mansour explored her city in the aftermath of the blast, talking to friends and exchanging reflections on what has happened and its implications on them, in candid unscripted voice note messages. Feelings of helplessness, frustration and overwhelming anger at the political class, permeate this short film as we are taken on a tour of the destruction of homes, livelihoods and lives.

Trenutno je u cijelom svijetu epi- demija. Populacija pojedinaca više se ne smatra potrebnom. Nekada potrebne, a sad u potrebi, starije generacije prisiljene su preispitivati svoju vrijednost dok se suočavaju s nezadovoljenim socioemocio- nalm potrebama. Treba li naše putovanje, sposobnost ili vrijednost završiti s našom mladošću?

Right now, all over the world, there is an epidemic. A population of individuals are no longer deemed necessary. Once needed and now in need older generations are forced to question their worth while facing unmet socio-emotional needs. Should our journey, ability or worth end with our youth?

U KAMPAJI, ZIMI IN CAMPANIA, IN THE WINTER

REDATELJ / DIRECTOR THÉO VERPRAT

scenarist / screenwriter: Théo Verprat; snimatelj / cinematographer: Théo Verprat; montaža / editing: Théo Verprat; producent / producer: Lucie Bonvin; zemlja / country of origin: Francuska / France; godina / year of production: 2020.; trajanje / duration: 15 min.

Napulj zimi. Dvojica mladića slučajno se nastanjuju u španjolskoj četvrti. Obojica su stranci. Postaju prijatelji. Danas, jedan je nestao, a drugi se prisjeća. Vodeći se svojim sjećanjima prelazi napušteni krajolik, trag prošlih vremena. *U Kampaniji, zimi* njegovo je svjedočenje. Jedan od načina - možda i jedini - da se suoči s temama koje su od njegova odlaska pratile njegovo postojanje: izgnanstvo, gubitak, kraj svijeta.

Naples, in the winter. Two young men accidentally settle in the Spanish quarter. Both are strangers. They become friends. Today, one has disappeared, the other remembers. Guided by his memories, he crosses a deserted landscape, a vestige of a bygone era. In Campania, in the Winter is his testimony. One way - perhaps the only one - to face the themes that, since his departure, have accompanied his existence: exile, loss, the end of a world.

LOVCI NA TARTUFE THE TRUFFLE HUNTERS

REDATELJI / DIRECTORS **MICHAEL DWECK, GREGORY KERSHAW**

scenaristi / screenwriters: Michael Dweck, Gregory Kershaw; snimatelji / cinematographers: Michael Dweck, Gregory Kershaw; montaža / editing: Charlotte Munch Bengtsen; producenti / producers: Michael Dweck, Gregory Kershaw; zemlja / country of origin: Italija, Grčka, SAD / Italy, Greece, USA; godina / year of production: 2021.; trajanje / duration: 84 min.

Duboko u šumama Pijemonta u Italiji, šačica staraca traga za rijetkim i dragocjenim bijelim tartufima Alba za kojima žude najbogatiji svjetski kuhari i gurmani. Oni se ne mogu uzgojiti i gotovo ih je nemoguće naći, a uspješno se kriju i od najiskusnijih suvremenih tragača. Jedini na svijetu koji im znaju ući u trag su nekolicina ostarjelih stručnjaka i njihovih psećih družbenika. Oboružani štapovima za hodanje i opakim smisлом za humor, stari Talijani noću tragaju za tartufima kako za sobom ne bi ostavili tragove. Ovaj apsurdistički meditativni dokumentarac pruža nam uvid u svijet nedostiznih tartufa i rituala njihovih tragača koji lukavo i šutljivo štite taj svijet od pohlepe i utjecaja izvanjskog svijeta i usput nam otkrivaju magiju koja se krije u prirodi. Samo je treba znati vidjeti.

Deep in Piedmont forests in Italy, a handful of old men are searching for the rare and precious white Alba truffles, coveted by the world's wealthiest chefs and connoisseurs. These truffles are impossible to cultivate and almost impossible to find; they are a true challenge for even the most experienced searchers. Only a group of aging experts and their canines can trace them. Armed with their hiking sticks and bad-ass sense of humor, the elderly Italians go to their quest by night in order to leave no trace behind. This absurdist, meditative documentary offers an insight into the world of the elusive fungi and the rituals of the cunning searchers who are trying to protect them from the greed of the outside world, exposing the magic of the nature in the process.

REDATELJ / DIRECTOR ALEXANDER NANAU

scenaristi / screenwriters: Alexander Nanau, Antoaneta Opris; snimatelj / cinematographer: Alexander Nanau; montaža / editing: Alexander Nanau, George Cragg, Dana Bunescu; producenti / producers: Alexander Nanau, Bianca Oana, Bernard Michaux, Hanka Kastelicová; zemlja / country of origin: Rumunjska / Romania; godina / year of production: 2019.; trajanje / duration: 109 min.

Dana 30. listopada 2015. godine u noćnom klubu Colectiv u Bukureštu buknuo je ozbiljan požar. Bila je to jedna od najgorih nesreća u novijoj rumunjskoj povijesti, sa strašnom brojkom od 27 smrtno stradalih i 180 ozlijedjenih. U sljedećih nekoliko dana izbili su žestoki prosvjedi koji su na kraju srušili tadašnju socijaldemokratsku vladu. Redatelj prati nekoliko ključnih figura u vremenu nakon katastrofe, odnosno od trenutka kad saznajemo da je od ozlijedjenih u požaru 37 ljudi kasnije preminulo od posljedica bakterijske infekcije zadobivene u bolnici. Novinari su otkrili da se bolnice koriste razrijeđenim dezinfekcijskim sredstvima. Pratimo njihove i izjave ministra zdravstva u privremenoj tehnokratskoj vlasti te žrtava korumpiranog zdravstvenog sustava u državi koja ne funkcioniра. Redatelj ne podliježe senzacionalizmu, već ovu emocijama nabijenu priču promatra izvana, razotkrivajući mračno lice korupcije koja sve više nagriza njegovu zemlju.

On October 30, 2015 a severe fire broke out in the night club Collective in Bucharest. That was one of the worst accidents in recent Romanian history with 27 dead and 180 injured people. In the next few days, intense protests erupted that eventually overthrew the then Social Democratic government. The director follows several key figures in the time after the disaster, that is, from the moment we find out that 37 of the injured in the fire later died as a result of a bacterial infection acquired in the hospital. Journalists discovered that hospitals use diluted disinfectants. We follow their statements and the statements of the Minister of Health in the interim technocratic government and the victims of the corrupt health system in a state that is not functioning. The director is not subject to sensationalism, but observes this emotionally charged story from the outside, revealing the dark side of corruption that is increasingly corroding his country.

Na velikoj hridi u Jadranskom moru izdiže se veliki bijeli svjetionik. Na njemu se nalaze svega tri obitelji svjetioničara, čiji se posao sastoji u tome da redovno održavaju svjetla koja u noći služe pomorcima za orientaciju. Brod svjetioničarske službe dolazi na otok jednom u petnaest dana i donosi njegovim stanovnicima plin, gorivo, hranu i poštu. Cijelo vrijeme oni su odsječeni od svijeta i ta se usamljenost za vrijeme bura, koje su česte i dugotrajne, još više osjeća.

A tall, white lighthouse rises from a rocky islet in the Adriatic. Three lighthouse keepers and their families are the only people living on the islet. Their job is to take care of the entire light station that keeps the passing ships out of danger. A lighthouse service ship visits the islet once every 15 days to deliver cooking gas, groceries and mail. At other times, lighthouse keepers and their families are cut off from the rest of the world, struggling with loneliness that only increases during long and frequent storms.

U jesen se u Jugoslaviji počinje peći rakija šljivovica koja se u narodu zove "mučenica". Šljivovica je po predaji mještana najčistije, najpoštenije i najblagoslovljenije piće. Rakijom se zalijeva dolazak na ovaj svijet, ali i odlazak. Bez "mučenice" se ne može nikuda, pa ni crkvi ni popu. U običaju pečenja šljivovice vide se navike sela, sve slabosti i vrline.

Hrvatska 25 godina nakon Domovinskog rata daleko je od ideala nekadašnjih branitelja, sada nezadovoljnika ušutkanih penzijama. Osiromašena je, raseljena, korumpirana. Ideja nekolicine branitelja o izgradnji Muzeja domovinske zahvalnosti u staroj zgradi Paromlinu u centru Zagreba ponovno ih okuplja. Kako je izgradnja zaustavljena, branitelji zauzimaju Paromlin. Policiji odgovaraju prijetnjom plinskim bocama, Specijalcima oružjem. Bivši zapovjednik im obećava drugu lokaciju za Muzej, no opet su izigrani. Mladići koji su stali na stranu branitelja duboko su razočarani odnosom vlasti prema ljudima koji su stvarali Hrvatsku, pa se okreću ekstremnoj desnici.

25 years from the Homeland War, Croatia is far from the ideal of the then veterans, now disgruntled men silenced with pensions. Impoverished, depopulated, corrupt. A few war veterans are brought back together by an idea of a Museum of Homeland Thanksgiving in the old Paromlin building in Zagreb city centre. As construction has been halted, the veterans take over Paromlin. They respond to the police with threats of gas cylinders, and to the special forces with threats of weapons. An ex commander promises them a new location for the Museum, but they are played once again. The young men who took to defending the veterans, deeply disappointed by the way the authorities are treating the men who created Croatia, turn to the extreme right.

U svoja četiri desetljeća postojanja, rokeri u odjelima lutali su od avant-garde do festivalskih šlagera i natrag, ostajući jedan od najautentičnijih fenomena jugoslavenske glazbene scene i zaštitni znak svog grada. Sarajevo je iznjedrilo bendove koji su prodali više ploča i postali popularniji od Indexa, ali za Sarajlije nijedan nije bio veći od njih.

In their four decades of existence, the Tailcoated Rockers wandered from the avant-garde to festival schlagers and back, remaining one of the most authentic phenomena of the Yugoslavian music scene and a trademark of their city. Sarajevo has spawned bands that sold more records and became more popular than Indexi, but, for Sarajevo's people, none were greater than them.

Došao je ožujak, a s njim su došle ptice, sunce, prve latice cvijeća, pupoljci drveta... No, s ulica i trgova nestali su ljudi. Preko noći su ostale prazne kavane, trgovine, shopping centri, crkve, džamije, učionice, kolodvori, pruge, ceste... Zavladali su muk i tišina koju ponekad razbijje pjev ptica, lavež pasa, zujuće muha i zvuk kola hitne pomoći!

March came, and with it came birds, the sun, the first petals of flowers, the buds of trees... But people disappeared from the streets, squares. Cafes, shops, shopping malls, churches, mosques, classrooms, stations, railways, roads... became empty overnight. The silence prevailed everywhere, only sometimes broken by bird song, dog barking, buzzing of the flies and the sound of ambulances passing by!

Od dubokih amazonskih šuma i zabačenih sela na Himalaji, preko malih pacifičkih zemalja i afričkih slamova, sve do najvećih svjetskih metropola, ovaj zapanjujući dokumentarac prikazuje nam 33 različite priče o ljubavi i braku, izazovima i borbama, usponima i padovima, stvarajući jedinstvenu ljubavnu priču koja nas podsjeća kako ljubav nikada ne može biti jednostavna, ali kako je, istovremeno, tek nekoliko stvari na Zemlji jednostavno poput ljubavi. Film predstavlja uzbudljiv kolaž subjektivnih iskaza ljudi koji dolaze iz različitih geografskih, ekonomskih i političkih konteksta i prati sve faze njihovih odnosa – od trenutka kad su se upoznali ili imali prvi spoj, preko odluke da se vjenčaju ili zajedno usele te njihovih kasnijih borbi i izazova pa sve do sadašnjeg trenutka.

From deep within the Amazonian forests and remote villages in the Himalayas to the world's largest metropolises, this stunning documentary shows us 33 different stories about love and marriage, challenges and struggles, highs and lows, creating one big love story that reminds us how love can never be simple, but at the same time how just a few things on Earth are as simple as love. The film is a collage of subjective impressions of 40 different couples from different geographical locations, economical and political contexts. It follows all the stages of their relationships – from the moment they met or had their first date, through their decision to get married or move in together and their subsequent fights and challenges, all the way to the present moment and their plans for the future.

MJESTO KOJE ĆE UGASITI TIŠINU

ROBERT BUBALO PRODUCENT FESTIVALA

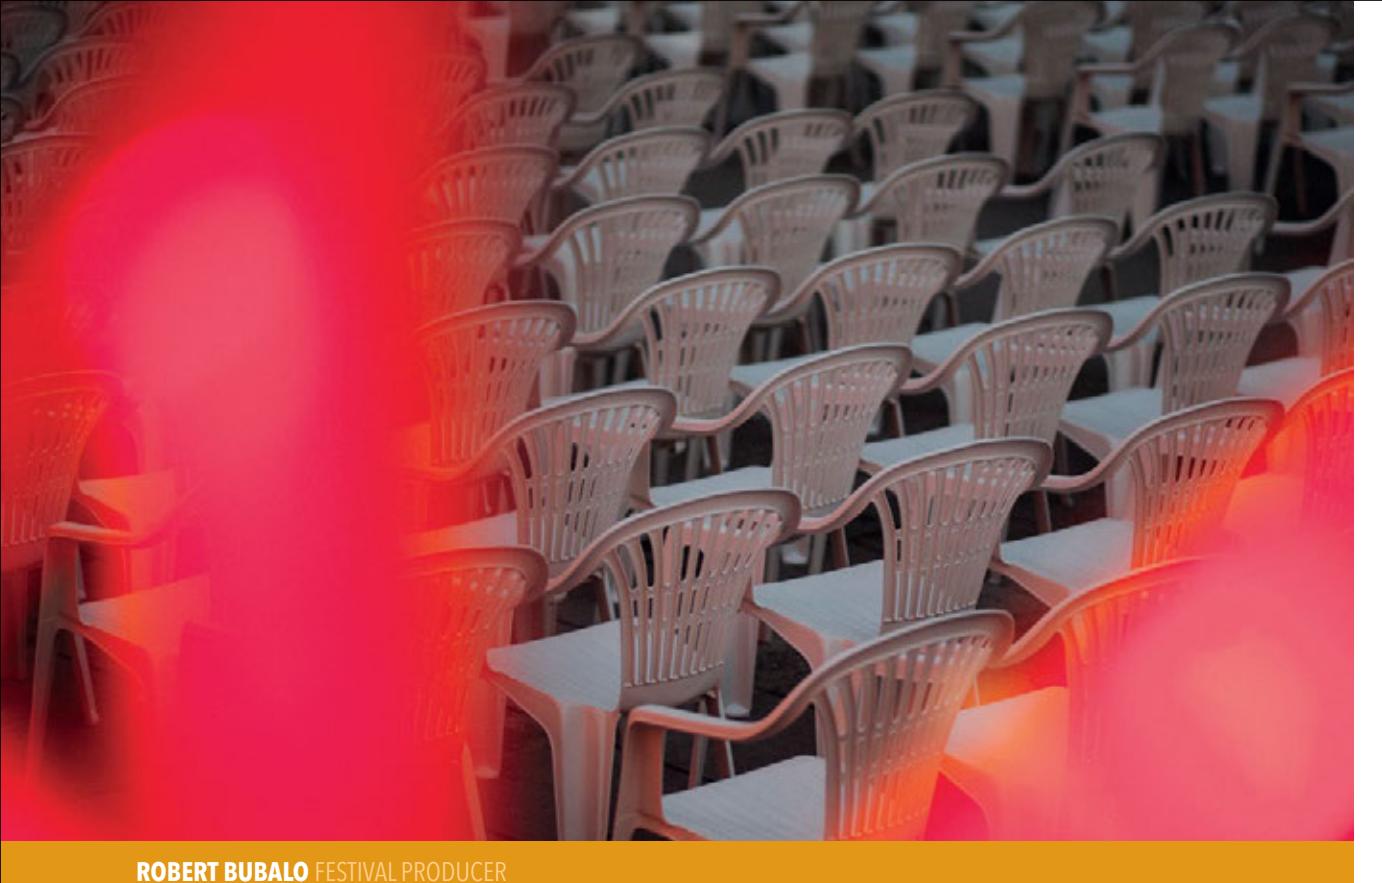

Odličan ambijentalni horor *Mjesto tišine* jedna je od najzanimljivijih kino priča u 2019. godini. Ovaj zloguki film najavio nam je koronu, dakako tada toga nismo bili svjesni ni mi ni redatelj John Krasinski, ali sjećam se nečega drugoga - kako je gledanje tog filma bio jedan potpuno neobičan filmski ugodaj. Tada sam, ne znam zašto, po prvi puta otkako hodočastim u kina, u dvoranu ponio porciju nachosa i salse. Počinje film i na platnu vlada jeziva tišina, a ja čekam da prokleti muk prestane i da počnem grickati svoj meksički čips. Jer ako zagrizem, hrskanje pod mojim zubima odzvanja cijelom dvoranom. Na platnu petočlana obitelj skuplja namirnice u trgovini koju je zahvatilo apokaliptični uragan. Uskoro shvaćamo zašto su svi šutljivi: svijet su okupirali alieni koji žive pod zemljom i reagiraju na svaki zvuk tako što izlaze na površinu i vrše pokolj nad ljudima. Jedini način za preživjeti je - šutjeti.

Kad je film izšao u kinima i pobrao jako dobre ocjene i od kritike i od publike, kod mene je ostavio zapanjujući dojam djela koje raspravlja o samoj biti čovjeka. Možeš li uistinu biti čovjek ukoliko ti se život svede na šutnju i puko preživljavanje? Što je čovjek ako ne može komunicirati, pjevati, plesati, igrati nogomet, snimati filmove, ići na koncerte, glasno uživati u seksu, i prestaje li njegova društvena misija šutnjom? Dakako da prestaje, čovjeka od drugih živih bića i razlikuje to što je razuman (naravno, često i nerazuman), svjestan, i što ima bogatu moć komunikacije. Bez toga on je samo divlja zvjer, poput ovih stvorenja što žive ispod zemlje i samo brinu o preživljavanju.

No, kad je početkom 2020. odgođeno prikazivanje nastavka filma *Mjesta tišine 2* zbog pandemije, cijela je ova priča dobila drugi smisao. Dakako, nemoguće da je autor filma John Krasinski predvidio pandemiju, ali je neki sličan užas: užas koji će promijeniti svijet, ali i samoga čovjeka. Jer svijet je doista uskoro postao jedno veliko mjesto tišine, baš kao u filmu. To što su nas napali mali, nevidljivi gaudi još je veći horor od toga kad te napadnu vidljiva bića koja možeš locirati, identificirati i

likvidirati. Ali se u stvarnom svijetu, za razliku od filma, dogodio absurd biblijskih razmjera kad su ljudi koji se školju putem laprdajućih društvenih mreža krenuli u besmislenu bitku dokazivanja da naš neprijatelj - ne postoji. Pa da se snimi film u kojem masa ljudi tvrdi da ne postoji neprijatelj koji ti je potpuno zaustavio svijet, svi bismo ga proglašili glupim smećem. No ljudska glupost ne poznaje granice, tako da se naprosto moramo naviknuti da je realni svijet zapravo manje realan od nerealističnog filma.

Prije nego što ću i sam zaraditi virus u prosincu 2020. koji će me u tom zaustavljenom svijetu prikavati dva tjedna u stanu u starom zagrebačkom kvartu Rudešu, a koji je kroz sve to vrijeme moje borbe za opstanak teškim zagrljajem okovala magla, u kinu Tuškanac gledao sam ciklus filmova Franka Capre. Ovaj stari romantik sa Sicilije oduševljavao je svijet filmovima u kojima je fokusiran na socijalnu dimenziju malog čovjeka, na njegov mikrosvijet, mikrokozmos, na njegovu složenost i na njegovu čaroliju stvaranja. S dojmom nakon filma *Dogodilo se jedne noći* par noći kasnije završio sam u krevetu, slomljen kao da me je pregazio stampedo. I u tim trenucima duhovnu i emotivnu stranu životu su mi održavali filmovi Franka Capre koje sam nastavio gledati pod dekom u usamljenim noćima. Iako je svijet bio jedno veliko mjesto tišine, moj je mali svijet okovan bolešću uljepšavala filmska čarolija od prije 80 godina. I zato će 22. Mediteran Film Festival sa svojim sjajnim filmovima biti mjesto koje će ugasiti tišinu bar na četiri dana. ☺

ROBERT BUBALO FESTIVAL PRODUCER

A PLACE THAT WILL TURN OFF THE SILENCE

Excellent ambient horror *A Quiet Place* is one of the most interesting cinema stories in 2019. This sinister film announced the Coronavirus to us, clearly neither we nor the director John Krasinski were aware of it at the time, but I remember something else - watching this film was a completely unusual film atmosphere. I don't know why, but that was the first time, since I have been making my pilgrimages to the cinema, I brought a portion of nachos and salsa to the hall. The movie begins and there is an eerie silence on the screen, and I wait for the damn silence to stop and to start snacking on my Mexican crisps. If I take a bite, the crunch under my teeth will echo all over the hall. On the screen, a family of five is collecting groceries at a store caught in an apocalyptic hurricane. Soon we realise why everyone is silent: the world is occupied by aliens that live underground and react to every sound by coming to the surface and massacring people. The only way to survive is to be silent.

When the film was released in theatres and received very good reviews from both critics and audiences, it left me with a stunning impression of a work that discusses the very essence of humans. Can you really be a human being if your life comes down to silence and mere survival? What are humans if they cannot communicate, sing, dance, play football, make movies, go to concerts, enjoy sex loudly, and does their social mission end in silence? Of course it ends, human beings differ from other living beings in that they are reasonable (of course, often unreasonable), conscious, and have a rich power of communication. Without that they are just wild beasts, like these creatures that live underground and only worry about survival.

But when the screening of the sequel, *A Quiet Place 2* was postponed in early 2020 due to the pandemic, this whole story took on a different meaning. Of course, it is impossible that the author of the film, John Krasinski, predicted the pandemic, but there

is a similar dread: a dread that will change the world, but also the human beings themselves. Because the world soon really became one big place of silence, just like in the movie. The fact that we are attacked by small, invisible bastards is an even greater horror than when you are attacked by visible beings that you can locate, identify and liquidate. But in the real world, unlike the movie, an absurdity of biblical proportions occurred when people who are educated through jibber-jabber social networks embarked on a pointless battle to prove that our enemy - does not exist. Well, if a film was made in which a mass of people claim that there is no enemy who has completely stopped your world, we would all declare it stupid rubbish. But human stupidity knows no boundaries, so we just have to get used to the fact that the real world is actually less realistic than unrealistic film.

Before I got the virus in December 2020, which would confine me for two weeks in that stopped world in an apartment in Zagreb's old Rudeš district, and which was covered in fog during the whole time of my struggle for survival, I had watched the cycle of Frank Capra's films in the Tuškanac cinema. This old romantic from Sicily delighted the world with films in which he focused on the social dimension of the little man, his microcosm, his complexity and his magic of creation. Impressed by the film *It Happened One Night*, a couple of nights later I ended up in bed, broken as if I had been run over by a stampede. And in those moments, the spiritual and emotional side of my life was maintained by Frank Capra's films, which I continued to watch under the blanket in the lonely nights. Although the world was one big place of silence, my little disease-ridden world was adorned by the 80 years old film magic. And that is why the 22nd Mediterranean Film Festival will be a place that will turn off the silence for at least four days with its great films. ☺

SMART ist eine Agentur für Grafikdesign. Unser Logo ist das erste patentierte Fahrrad von 1690, das uns gut repräsentiert. Obwohl das Rad schon tausende Jahre früher und definitiv als solches verwendet wurde, stellte es nichts Neues dar. Erst vor kurzem erinnerte sich jemand daran, das ursprüngliche Fahrzeug zu patentieren, indem er zwei Räder eins vor das andere setzte. Es ist SMART – und wenn Sie denken, dass es unmöglich ist, originell zu sein, schwören Sie darauf nicht.
