The background of the image features a complex, abstract design composed of several overlapping elements. A large, semi-transparent white arrow shape points from the bottom left towards the top right. Behind it are several large, bold, semi-transparent text blocks in various colors: orange, teal, and dark blue. These text blocks contain partially visible words such as 'WALL', 'FIRE', 'HOMES', 'THE', and 'INTRO'. The overall aesthetic is modern and graphic.

KLJUČEVI I BRAVE

Tragajući za smislom u lokalnom kinematografu često mi u misli doluta lik starog kinooperatera Rade koji je o hlačama, na njihovom zadnjem djelu, imao obješenih oko kilogram ključeva kojima je otvarao brojna vrata Hrvatskog kulturnog doma (kino Borak). Koja vrata u životu otvoriti uvijek je onaj riskantni potez koji nas vodi u naše željene ili neželjene odaje, ili pak odaje koje možemo pospremiti prema vlastitim ukusima. Vrata koja smo otvorili prije 23 godine, s istim Radinim ključevima, otkrila su nam veliku odaju kinodvorane Borak koju je valjalo pospremiti, učiniti je svečanom i svršishodnom za cijelu filmsku zajednicu na Mediteranu. Njegujući kinotečne programe i hodajući u skladu s festivalskim trendovima uspješno je proteklo više od dva desetljeća mediteranske filmske dokumentaristike. Široki Brijeg i MFF po tome su jedinstveni, ali i snažni na polju edukacije i produkcije. Bilo koju odaju da otvorite pronaći ćete prave bisere svjetske razine, bez obzira na provincijske „bolesti“ s kojima se susretala MFF ekspedicija. Tako i ove godine, u novom terminu, na starim temeljima, gradimo novu perspektivu gledateljima, učenicima i produkcijama, zagledani u bolju budućnost bez pandemija, ratova, financijskih kriza, i svega negativnog što nas sputava. Selektor u moru

pristiglih filmova, iscrpno i s velikim iskuštvom, izabrao je filme koje ne bismo trebali propustiti.

Natjecateljska selekcija i njezini autori koji se bave ljudskim sudbinama upravo su tu da nas učine boljima i nesebično potiču da radimo na sebi. Program *U fokusu* temeljen je na sličnim autorskim propitivanjima o ljudskom lutanju i traženju „rajskog vrta“ ma gdje on bio. Svi filmovi otvaraju neke nepoznate odaje u koje ćemo zaviriti prvi put, sa znatiteljom ili strahom, suočeni s ljudskim slabostima. Retrospektivni program prikazuje pojedince i grupe u ne-prekidnoj borbi za bolju sutrašnjicu, bez obzira na prepreke pred kojima su se našli. Ostali programi, bilo da je riječ o glazbenim dokumentarcima ili svjetskim kino hitovima, upotpunjaju programsku cjelinu koja, na radost gledatelja, u tjednu festivala donosi reprezentativan izbor filmova. Filmska radionica, u suradnji s američkim filmskim kampom za mlade *Outside The Lens*, više od deset godina educira mlađe i producira filme, te im tako otvara odaje filmskih magija koje bljesnu na velikom platnu kina Borak. Tako će biti i ove godine. Uvijek volim staviti fokus na radionicu koja mlađima nudi u teorijskom i praktičnom smislu pravi filmski set, onaj koji je mnogima od njih postao zanimanje na brojnim filmskim projektima u regiji.

Svi popratni programi usko vezani za filmski svijet, ili oni koji se na kulturnom nivou razlikuju od filmskog stvaralaštva, učinit će u tjednu festivala veliki iskorak na polju medijske kulture. Učeni brojnim iskustvima, kao organizatori, bez zadrške brusimo svaki segment festivala, tako je i ove godine. Zajedno s djelatnicima Hrvatskog kulturnog doma otvorili smo sve zaključane brave. Predstoji nam uživanje u tjednu Mediteran Film Festivala i programima za koje će svatko pronaći ključ i zaviriti u čarobne odaje mediteranske filmske produkcije i nezaboravne atmosfere novog festivalskog izdanja. ☽

KEYS AND LOCKS

Searching for meaning in the local cinema, the figure of the old cinematographer Rade often comes to my mind, who had about a kilo of keys hanging from the back of his pants, with which he opened the numerous doors of the Croatian Cultural Centre (Borak cinema). Which doors in life to open is always that risky move that takes us into those wanted or unwanted chambers, or chambers that we can set according to our own tastes. The door that we opened 23 years ago with Rade's keys, revealed a big chamber of the Borak Cinema, which needed to be set up, made festive and purposeful for the entire film community in the Mediterranean. Nurturing cinema programs and following festival trends, more than two decades of Mediterranean documentary filmmaking have successfully passed. Široki Brijeg and MFF are unique in this, but also powerful in the field of education and production. If you open any chamber, you will find real world-class pearls,

regardless of the provincial "diseases" encountered by the MFF expedition. So this year too, in the new dates, on the old foundations, we are building a new perspective for viewers, students and productions, staring at a better future without pandemics, wars, financial crises, and everything negative that holds us back. In the sea of the submitted films, thoroughly and with great experience, the selector chose films that we should not miss.

The competition selection program and its authors that deal with people's destinies are here to make us better and unselfishly encourage us to work on ourselves. The In Focus program is based

on similar authorial questioning of human wandering and searching for the "Garden of Eden", wherever it may be. All films open some unknown chambers into which we will peek for the first time, with curiosity or fear, faced with human weaknesses. The retrospective program shows individuals and groups in a constant struggle for a better tomorrow, regardless of the obstacles they faced. Other programs, whether they are music documentaries or world cinema hits, complete the program, which, to the delight of the audience, brings a representative selection of films during the week of the festival. The film workshop, in collaboration with the American youth film camp Outside the Lens, has been educating young

people and producing films for more than a decade, thus opening the chamber of film magic that flashes on the big screen of the Borak Cinema. It will be the same this year too. I always like to put focus on the workshop that offers a real film set to young people, in a theoretical and practical sense, one that has become an occupation for many of them on numerous film projects in the region.

All the accompanying programs closely related to the world of film, or those that are culturally different from filmmaking, will make a big step forward in the field of media culture during the week of the festival. Guided by numerous experiences, as organizers, we polish every segment of the festival without hesitation, and it is the same this year too. Together with the employees of the Croatian Cultural Center, we have opened all the locked chambers. We are looking forward to enjoying the week of the Mediterranean Film Festival and the programs for which everyone will find the key and peek into the magical chambers of the Mediterranean film production and the unforgettable atmosphere of the new festival edition. ☀

KINESTETIČKI UKRASI

Ovogodišnji filmovi, njih 266, prijavljeni na 23 Mediteran Film Festival u Širokom Brijegu, obiluju prvenstveno raznovrsnošću lokacija s nekoliko kontinenata. Mediteranski su se filmaši rastrčali po svijetu u potrazi za pričama koje razbijaju ustajale predodžbe o usporenom i predvidljivom načinu preživljavanja.

Prešli su tako i ocean, posjetili Kubu, Peru, cijelu Južnu Ameriku, doskočili do afričkog kontinenta i zabilježili sve moguće mijene koje crtaju brazde na licu tog osunčanog i posebnog planeta na zemlji. Mediteranski su se filmaši pozabavili i velikim transformacijama u utrobi Europe, bježeći na neki način od

isključivo mediteranskih tema kao nečega uvjetovanog i zadanog u bazi općeg filmskog interesa.

Većinu prijavljenih filmova odlikuje snažna i temeljna udubljenost u problematiku razdora svakodnevice. Filmaši se prečesto koriste pronađenim i izgubljenim arhivskim snimcima, da bi u kombinacijama s dnevničkim rakursima izložili sasvim nove poglede na filmsku strukturu. Imamo mnoštvo intimnih ispovijesti umočenih u dnevno-političku stvarnost podneblja u kojem djeluju. Prate filmaši i one zanemarene vizure poetskog prožimanja čovjeka i prirode, koja mu je dodijeljena i na koju polaže ruke svoje. Filmaši se također jako dobro snalaze u ulogama aktivističkih promotorova, razbijajući sve barijere koje se same nude u sklopu strastvene filmske otvorenosti.

Birajući filme za konkurenčiju i ovaj put smo brižljivo vodili računa da nam termine ne zauzmu projekti s olakim načinom tretiranja prevažnih tema i iznošenja prevažnih istina. Nismo se dali impresionirati televizijsko-reportažnim uradcima kojih je prijavljeno cijela gomila, a koji u svojoj strukturi ne pružaju ništa više od terora verbalnih pojašnjenja i otklona od vizualnog, onog vizualnog koji bi im trebao biti primarni estetski imperativ u građenju dokumentarnog filmskog oblika. Samo čiste slike, čiste subjektivne poglede, samo istina kroz autorsku vizuru što probija sve okove poželjne percepcije.

Iz odabranih uradaka svakako treba naglasiti kratke minijature poput simfonije kubanskih radnika koji stvaraju svoj svijet u utrobi olupine

starog broda. Pamtljiva artificijelost u otkrivanju strahova iz djetinjstva u obliku iskreirane bake, hororom nahranjene. Imamo i starca koji šapuće kamenu i krade njegov dah prijeko potreban za produženje života. Pratimo naturalističku igru radnika iz sudske medicine, kao i proces obdukcije kao čin čiste literarne prakse. Mediteranska poezija marokanskog sela, žene, svile, djeca i muškarci smrtno zaljubljeni u ljepotu svog zavičaja. Crno-bijeli oproštaј s filmskom vrpcem u obliku predstavljanja rada maloga grčkog škvera. Posveta filmskim strofama i brodicama koje nestaju. Radnici na terminalu velike luke. Kontejneri kao konstrukcije i arhitektura poznatih slikara.

Odrazi grada u rijeci pričaju svoju prozu nastanjenu u povijesti radosnog stvaranja novih oblika i kompozicija doživljaja. Vjetar. Pustoš. Starac koji priča svojoj unuci na uho priču za laku noć o moru koje je pobjeglo s njihove zemlje i nikad se nije vratilo. Razorni glasovi koji nas vode kroz znakove nuklearnog uništenja. Znaci koji se kriju u pejzažu odmah pokraj nas.

Kroz dugometražna dokumentarna ostvarenja redatelji nam nude priču o neostvarrenom Muzeju revolucije u kojem caruju beskućnici, pokušavajući stvoriti podnošljivi

vu egzistenciju. Bejrut, grad poslije razorne eksplozije. Bez riječi, bez komentara, stanovnici proživljavaju kontemplaciju nove slike.

Otač opisuje u dnevničkoj maniri svoju zanesenost šestogodišnjim sinom koji razbije sve pogledе na uobičajeni sustav komunikacije. Marusya, djevojka, sastavlja od višegodišnjeg materijala poemu o svom prijatelju koji je otišao prerano, a ostavio nasljedstvo sjećanja u njenom svemiru.

Slovenska redateljica hrabro se uhvatila ukoštač s krvnom osvetom u albanskom selu. Možemo pratiti tegoban način kako se dolazi do pomirenja i praštanja. Gledamo rovove, vojnu postrojbu ukrajinske vojske 2014. godine. U njezinoj neborbenoj aktivnosti. Autentični opis ratne perspektive u dojmljivoj crnobijeloj fotografskoj fakturi.

Djetinjstvo u Napulju. Neorealizam i naturalizam. Put u društvo odraslih i njihovih zakona. Put van zakona. Precizno i dosljedno. Sacro Moderno. Zabačeno selo u talijanskim planinama. Običaji, životi, smrti i navike. Vizualna i operetna vila sazdana od blagdanskih kadrova koji osvajaju svojom puninom.

Riječki "kralj" kokaina. Iscrpno praćenje avanturiste poslije izdržavanja kazne. Kako se vratiti u kolotečinu života, kako postati običan, a da ne izgubiš sebe. Na kraju Libija, brat i sestra na suprotnim stranama u građanskom ratu. Poslije revolucije slijede uzaludni pokušaji da se zajednički životi dovedu u prihvatljive obrise. Za svakog ponešto i više od toga. Samo široko otvorene oči mogu popiti bogatstvo kinestetičkih ukrasa. Uživajte. ☺

KINESTHETIC DECORATIONS

This year's films, 266 of them, submitted for the 23 Mediterranean Film Festival in Široki Brijeg, are, first of all, abundant in variety of locations from several continents. Mediterranean filmmakers have scattered around the world in search of stories that break the stale images of slow and predictable way of survival. So they have crossed the ocean, visited Cuba, Peru, the entire South America, came to the African continent and registered all the possible changes that draw the furrows on the face of this sunny and special planet on earth. Mediterranean filmmakers have dealt with the big transformations in the heart of Europe, in a way escaping from exclusively Mediterranean themes as something conditioned and given in the base of general film interest.

Most of the films submitted for the festival are characterised by strong and funda-

mental immersion in the issues of the disruption of daily life. Filmmakers to often use lost and found archive footage in order to present a completely new view on the film structure in combination with diary perspective. We have a multitude of intimate confessions immersed into the daily political reality of their environment. The filmmakers also follow those neglected skylines of the poetic interweaving of humans and the nature that has been assigned to them and on which they lay their hands. In addition, the filmmakers manage very well in the roles of activist promoters, breaking down all the barriers that present themselves as a part of passionate cinematic openness.

When selecting the films for the competition this time too we have carefully taken care that our timetable is not occupied by projects with a casual way of treating too important

subjects and presenting too important truths. We were not impressed by television reportage works, a whole bunch of which was submitted, and which in their structure offer nothing more than the terror of verbal clarifications and diversion from the visual that should be their primary aesthetic imperative in creating the documentary film form. Only pure images, pure subjective views, only the truth through the author's perspective that breaks through all the shackles of desired perception.

There are short miniatures that should definitely be highlighted among the selected artworks, such as the symphony of Cuban workers creating their world in the bowels of an old shipwreck. Memorable artificiality in revealing childhood fears in the form of a recreated grandmother, fed on horror.

We also have an old man who whispers to the stone and steals its much-needed breath to extend life.

We follow the naturalistic game of forensic medicine workers. The autopsy and process as an act of pure literary practice. Mediterranean poetry of a Moroccan village, women, silk, children and men fatally in love with the beauty of their homeland.

A black and white farewell with a filmstrip in the form of a presentation of the work of a small Greek shipyard. A dedication to movie

stanzas and disappearing boats. Workers at the terminal of a large port. Containers as constructions and architecture of famous painters. Reflections of a city in a river are telling their story settled in the history of a joyful creation of new shapes and compositions of experiences.

Wind. Wasteland. An old whoman is whispering to his granddaughter a bedtime story about the sea that escaped from their land and has never come back. Devastating voices that lead us through the signs of a nuclear destruction. The signs that are hiding in the landscape right next to us.

Through feature-length documentaries, the directors offer us the story of the unrealised Museum of Revolution, where the homeless rule trying to create a tolerable existence. Beirut, the city after the devastating explosion. Without words, without comment, the inhabitants

experience the contemplation of the new image. In a diary manner, the father describes his infatuation with his six-year-old son, who shatters all views on the usual system of communication. A girl named Marusya composes a poem about her friend who left too soon, but left a heritage of years long memories in her cosmos. A Slovenian director bravely tackled the blood feud in an Albanian village. We can follow the burdensome way of reconciliation and forgiveness. We are watching the trenches, a military unit of the Ukrainian army in 2014 in its non-combat activity. An authentic description of the war perspective in an impressive black and white photographic texture. A childhood in Naples. Neorealism and naturalism. A way to the society of adults and their laws. A way outside the law. Precise and consistent. *Sacro Moderno*. A remote

village in the Italian mountains. Customs, lives, deaths and habits. A visual and operetta-like villa created from holiday frames that captivate with their fullness. Cocaine 'king' from Rijeka. Detailed follow-up of the adventurer after serving his sentence. How to get back to normal, how to become ordinary without losing yourself.

Finally, Libya, a brother and a sister on opposite sides in the civil war. After the revolution, there are futile attempts to bring common lives into acceptable outlines. There is something for everyone and more than that. Only wide-open eyes can soak up the wealth of kinaesthetic decorations. Enjoy. ☺

Prije pola stoljeća, arhitekt Vjenceslav Richter predložio je odvažnu viziju za muzej koji bi „čuvao istinu o nama“. U ostacima ovog napuštenog utopijskog projekta nastaje prijateljstvo između sedmogodišnje djevojčice i starice.

Inside the remnants of an abandoned utopian project, a young life persists in the form of a fierce little girl. As the city around her transforms, so looms an end to childhood dreams.

Hobotnica je filmsko istraživanje posljedica kataklizmične eksplozije u bejrutskoj luci. Ovaj film je nastajao paralelno s tom traumom, otvarajući mnoštvo egzistencijalnih pitanja koje je iznjedrila magnituda tog događaja. Pitanja nepropitanih svjetonazora, patnje i značenja, kolektivne svrhe te mnoge druge neizgovorene misli razasute su među ruševinama. Što govorimo kada ne govorimo ništa?

Octopus surfaced during trauma, in the aftermath of the cataclysmic Port of Beirut explosion. The film silently navigates that unfolding, giving space to the myriad of existential questions birthed by the enormity of the happening. Questions of unexamined worldviews, of suffering and meaning, of collective purpose, and of many other quiet thoughts strewn amidst the rubble. What are we saying when we say nothing at all?

Kako izgleda svijet očima šestogodišnjeg djeteta? Film *Ljetne noći* nudi pogled u dječji svijet. Pogled u njihove strahove i želje, njihov način razmišljanja. Putovanje u podsvijest jednog nevinog i domišljatog djeteta dok tone u san i luta u dubinama vlastitoga uma.

How does the world look through a 6 years old child's eyes? The movie Summer Nights offers a window into a child's world. A window to his fears, his desires, his way of thinking. A journey into the subconscious of an innocent and ingenuous child, while he drifts into the depths of his own mind.

Osamnaestogodišnja djevojka ubijena je u žestokoj obiteljskoj zavadi u albanskim planinama. Njezinog ožalošćenog oca razdiru pritisci lokalnog biskupa i predsjednika nevladine udruge iz prijestolnice ne samo da, kao kršćanin, oprosti zatvorenom ubojici i njegovoj obitelj, nego i da se s njima pomiri – kao što je to prastari plemenski kodeks Kanun nekada zahtijevao. Dirljiv i pronicljiv prikaz patriarchalnog društva uhvaćenog između zaostale prošlosti i nesigurne sadašnjosti.

An 18-year-old girl is killed in a bitter family feud in the Albanian highlands. Her bereaved father is torn by the pressures from a local bishop and an NGO chairman from the capital, not only to forgive the imprisoned killer and his family, as a Christian, but to reconcile with them – as the age-old tribal code, Kanun, once required. A poignant and insightful account of a patriarchal society caught between a lingering past and a precarious present.

Dok diplomati negdje daleko dogovaraju neizvjesna primirja i prekide vatre, u regiji Donbas u Ukrajini vojnici se bore protiv separatista koje podupire Rusija. U dobi kada ljudi proživljavaju najbolje godine života, na prvim linijama bore se muškarci i žene osuđeni na stalno kopanje rovova dok bombe neprestano padaju na njih. Francuski ratni novinar i prvi puta redatelj Loup Bureau vodi nas na impresivno i zapanjujuće kinematografsko putovanje, otkrivajući golu istinu i grubost preživljavanja u onome što se naziva posljednjim sukobom na europskom tlu.

In Donbas Ukraine, while precarious truces and ceasefires are negotiated far away by diplomats, Ukrainian soldiers fight against separatists supported by Russia. At an age when some are experiencing the best years of their lives, in the frontline men and women are fighting, condemned to dig and dig up again the trenches, while bombs keep on falling on them. French war journalist and first-time director Loup Bureau takes us on an immersive and stunning cinematic journey revealing the naked truth and roughness of survival, in what is called to be the last conflict on European soil.

Igra skrivača prati četiri godine života "scugnizza", djeteta s ulice Entonija dok se bori za slobodu tijekom oštih mjera države prema mališanima kojima prijeti ulazak u organizirani kriminal. U međuvremenu ga njegova baka Dora, glava obitelji, promatra kako luta uskim gradskim ulicama dok se suočava s vlastitim užasima iz prošlosti. U gradu Napulju, u svijetu u kojem ništa nije onako kako se čini, snovi i polulistine mogu biti njihova jedina šansa za preživljavanje.

Hide and Seek follows four years in the life of "scugnizzo" street kid Entoni as he fights for freedom during a state crackdown on children at risk of entering organised crime. Meanwhile his grandmother Dora, the family matriarch, watches him roam the narrow city streets whilst confronting her own past horrors. In the city of Naples, a world where nothing is as it seems, dreams and half truths may be their only chance for survival.

U najvećoj zapljeni droge u povijesti Južnoafričke Republike hrvatski pomoćni uhićen je zbog krijumčarenja 230 kilograma kokaina u svojoj brodskoj kabini na putu iz Argentine u Europu. Nakon pet godina zatvora izlazi na slobodu. Redatelj ga prati na putu na kojem se suočava s posljedicama svojih odluka iz prošlosti, izazovima da ne ponovi iste pogreške u budućnosti i pokušajima da živi normalnim životom. U zatvoru su ga zvali „Mlungu - Bijeli kralj“, uvjereni da je šef balkanske mafije, a ne samo obični kurir. Sada, kad se vratio kući, dvoji hoće li se primiriti ili će ponovno odigrati ulogu „kralja“.

A Croatian sailor was arrested in connection with the biggest ever drug bust by South African authorities, who seized 230 kilos of uncut cocaine in his room on the ship en route from Argentina to Europe. After five years in prison, he is back home. A filmmaker is following him on a personal journey where he deals with consequences of his decisions, tries to find a way to live a normal life and neglect the temptation of repeating the same mistakes. In prison they called him "Mlungu - The White King", convinced that he is the boss of the mafia and not just a mule. Now he is struggling between settling down and playing the role of "the king" once again.

Ovo je priča o bratu i sestri koji su se borili na suprotnim stranama tijekom pobune u Libiji 2011. U godinama koje slijede pokušavaju se nositi sa svojim PTSP-ovima dok u tom kaosu odgajaju svoju djecu. Formalno civilni, brat i sestra stalno su razvučeni između obitelji i zemlje, preživljavanja i promjene, nesposobni pobjeći od svoje nedavne prošlosti. Obiteljsko iskustvo psihološkog utjecaja modernog ratovanja i međunarodne intervencije iz neposredne blizine.

The story of a brother and sister who fought on opposite sides of the 2011 Libyan uprising. In the years that follow they try to navigate their PTSD as they raise their children amongst the chaos. Formally civilians, our siblings are constantly pulled between family or country, survival or change, unable to escape their recent past. A family experience of the psychological impact of modern warfare and international intervention, at close range.

Raudel radi na odlagalištu brodskog otpada u zapadnoj Kubi. Zajedno s kolegama živi u dimu ulja koje izgara i metalu. Priča o duhovima i utvarama koje negdje čekaju na njega. U njegovim očima nada je suprotstavljena onom prostoru u kojem je gotovo nevidljiva linija koja dijeli žive od mrtvih.

Raudel works at a boat scrap yard in western Cuba. With his colleagues, he lives inside the jagged metal and the smoke of the oil when it burns. He talks about spirits, about stories that await him somewhere. In his eyes hope is opposed to that space where the line that separates the living from the dead is almost invisible.

Babajanja je kratki esejički dokumentarac s elementima horora. Vraćajući se u prošlost, narator pokušava pronaći misterioznu ženu koje se plašio kao dječak. Prekapajući po sjećanjima, snovima i zaboravljenim horor filmovima, nastoji otkriti tko je ona i gdje se danas nalazi. U istragu uključuje obitelj, rodbinu, stanovnike sela. Nitko od njih nije posebno raspoložen pomoći, ali prikupljujući sve više podataka o njoj, narator je sve bliže tome da je konačno susretne.

Babajanja is a short essay documentary with horror elements. Going back to the past, the narrator is trying to find the mysterious woman he was scared of as a boy. Rummaging across his memories, dreams and forgotten horror films, he is trying to find out who she is and where she is today. He includes his family, relatives, fellow villagers in his investigation - no one is particularly keen on helping, but gathering more and more information about her, the narrator is getting closer to finally meeting her.

Svaki kamen od kojeg je sastavljen kameni zid je nezamjenjiv. Majstor Santiago to jako dobro zna. Pažljivo ih bira svojom snagom i inteligencijom, zatim ih oblikuje izglađujući im rubove. Njegov pokret je skroman, neprimjetan pred beskrajem Svetogira; stalna potraga za smislom promjene. Ostavlja tragove na putu prije nego što nestane u prirodi. To je čin Vjere koja će proći kroz vrijeme.

Each stone that constitutes the stone wall is indispensable. Master Santiago knows it well. He chooses them carefully with strength and intelligence, and then moulds them by smoothing out their edges. This is how he transcribes the representation of a revealed idea. His gesture is modest, imperceptible before the immensity of Cosmos; a constant search for the meaning of transition. He leaves traces on the path before he evanesces into Nature. It's an Act of Faith that will traverse time.

Nikosu nije moguće doživjeti ljudski kontakt niti radost spašavanja života. Studirao je medicinu, ali je postao forenzički medicinski vještak. Trupla koja pregledava šapuću svoje priče. Kako on stari i njegova djeca odraštaju, njegov strah od smrti postaje sve veći.

Nikos does not get to experience human contact, or the joy of saving lives. He studied medicine but went on to become a forensic medical examiner. The cadavers he examines whisper their stories. As he grows older and his kids grow up, his fear of death weighs heavier.

Slike iz malog brodogradilišta negdje u Grčkoj. Voda, tijela, užad, lanci, drvo i metal u crno-bijeloj filmskoj poemi od 16 mm. Nekoliko ljudi izvlači čamce na obalu i nakon popravaka guraju ih natrag u vodu. Ovo između je intenzivan, ali nježan vremenski odsječak, poput zbor-skog interludija drevne tragedije sačinjene od gesta i pokreta koji se mijenjaju iz blizine do udaljenosti, od vezanosti do odvojenosti, od napetosti do nježnosti.

Images from a small shipyard somewhere in Greece. Water, bodies, ropes, chains, wood and metal in a filmic poem in black and white 16mm. Between the repair of boats and their sailing anew, a few men pull them ashore and push them back into the water, once repaired. This in-between is an intense yet gentle time slot, like the choral interlude of an ancient tragedy made of gestures and movements that swing from closeness to distance, from bonding to detachment, from tension to tenderness.

Prije nego što brodovi napuste luku, radnici učvršćuju kontejnere teškim metalnim šipkama. Oni su posljednji lučki radnici koji rade ove opasne poslove okruženi samopokretnim vozilima i dizalicama na daljinsko upravljanje. Svako tijelo priča svoju priču: od tugovanja za kolegom koji je umro na poslu do toga da se samo ide dalje. Životinje slijepi putnici pojavljuju se kao vizije prirodnijeg svijeta.

Before container-ships leave port, lashers secure the containers using heavy metal bars. They are the last port workers to do such dangerous jobs surrounded by self-driven vehicles and remotely operated cranes. Each body tells its own story: from grieving for a colleague who died on the job to just keep going. Stowaway animals appear as visions of a more natural world.

Usred pustinjskih krajolika i lančanih ograda, plutonij leži razbacan i zapan u selu Palomares u Španjolskoj. Pripovjedač opisuje neobjavljeni zdravstveno stanje, a zemlja i tijelo spajaju se u neugodnoj razlici između oporavka i preživljavanja. Beskonačno temelji se na stvarnim događajima koji izazivaju fizičku kontaminaciju. Dvije priče ispričane paralelno: ona o zemlji koja okružuje Palomares i o tijelu koje je bolesno - redateljevom. Film je odraz stanja kronične sadašnjosti koja tjeri i zemlju i tijelo da se pod svaku cijenu prilagode.

Amidst desert landscapes and chain-link fences, plutonium lies scattered and buried in the village of Palomares, Spain. A voiceover narration describes an undisclosed medical condition, and land and body converge in the uncomfortable difference between recovery and survival. Two stories told in parallel, Sine die is based on real events that invoke physical contamination: that of the land surrounding Palomares, and of a body in sickness—the director's. The film reflects upon the condition of the chronically present that urges both land and body to acclimatize at all costs.

Upotreba kreativne slobode usmjerenja na stvaranje senzacija, prikazujući mjesta koja su daleko od uobičajenog pogleda, s više emotivnim nego narativnim diskursom, u kojem estetska vrijednost slike i zvučnog prostora čine ovu priču o luci Huelva.

An exercise in creative freedom aimed at generating sensations showing places that are far from the usual gaze, with a more emotional than narrative discourse in which the aesthetic value of the image and sound space make up this story of the Port of Huelva.

Intimna priča o razvodu smještena u Split, redateljičin rodni grad. Iz suptilne atmosfere filma polako izvire paralela između grada Splita (eng. to split - razdvojiti) i dvoje ljudi čiji se putevi razilaze.

The film is an intimate story about a divorce that took place in Split, the city from which the author hails. An analogy is made between the city of Split (in Eng. "to split - to separate") and the parting of the ways between two people.

2016. posjetili smo španjolsku Kinoteku u potrazi za informacijama za istraživački projekt o dokumentarnom filmu *Rocío*, koji je bio cenzuriran početkom 1980-ih. Među uskladištenim materijalima čuvano je 260 rola negativa od 16 mm. Bili su to isječci iz montaže, snimke koje su izostavljene iz konačne verzije. Zaboravljene slike zabranjenog filma oživljavaju na platnu nakon 40 godina.

*In 2016, we visited Filmoteca Española (Spanish Cinémathèque) in search of information for a research project on the documentary film *Rocío*, which had been censored in the early 1980s. Among the materials deposited in its warehouses 260 rolls of 16 mm negative were kept. They were the outtakes from the editing, footage that was left out of the final version. The forgotten images of a banned film come to life on the screen after 40 years.*

OVQ MUČNO SJEĆANJE KOJE NIJE MOJE

"THIS HAUNTING MEMORY THAT IS NOT MY OWN"

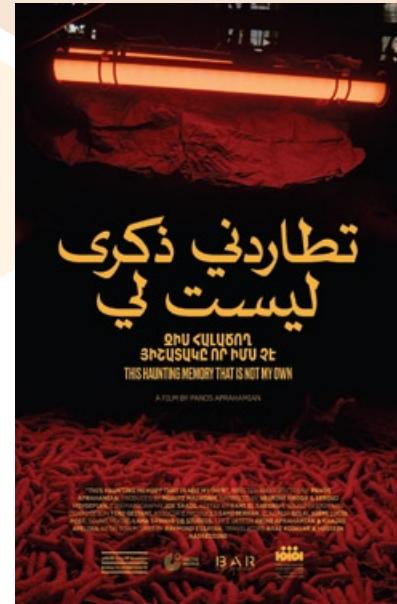

REDATELJ / DIRECTOR **PANOS APRAHAMIAN**

scenarist / screenwriter: Panos Aprahamian; snimatelj / cinematographer: Joe Saade;
montaža / editing: Rami El Sabbagh; producent / producer: Moritz Maiworm; zemlja /
country of origin: Libanon, Katar, Ujedinjeno Kraljevstvo / Lebanon, Qatar, United Kingdom;
godina / year of production: 2021.; trajanje / duration: 30 min.

Kroz polufikcijsko pripovijedanje, Ovo mučno sjećanje koje nije moje skreće pozornost na to kako su ekonomski rast i propadanje okoliša međusobno povezani i uokrijenjeni u društvenoj i ekološkoj nepravdi. Film se bavi oblicima crpljenja i nasilja nad ljudskim i neljudskim tijelima i ekosustavom duž obala Bejruta, gradske luke i oko područja Karantina, odlagališta za neželjene stvari i ljudi.

Through semi-fictional storytelling, This Haunting Memory That Is Not My Own shines a light on how economic growth and environmental decay are interlinked and entrenched in social and ecological injustice. The film addresses forms of extraction and violence inflicted on human and nonhuman bodies and the ecosystem along the shorelines of Beirut, the city's port, and around the Karantina district, a dumping ground for the unwanted - things and bodies alike.

Martin je starac bez doma koji je svoje mjesto pod suncem pronašao u maloj luci bivše tvornice Torpedo. Tik do mora, u napuštenom betoniranom prostoru, skrasio se s nešto svoje imovine. Slika, štap za pecanje i bicikl. Sliku je pronašao u kanti za smeće, štapom vadi lignje, takoreći iz dnevnog boravka, a s volana bicikla vise plastične boce koje Martin ne vraća jer nije klošar. Sve su to neophodni rezviziti u borbi protiv dosade.

Martin is an old man, who has found his place under the sun in the port of the former Torpedo factory. There, in the abandoned concrete space, he has settled down with his few possessions: a painting that he found in a trash can, a fishing rod that he uses to catch squid from his, so to speak, living room, and a bicycle adorned with plastic bottles. He never redeems the bottles, because he is not a bum. All of these are necessary props in the fight against boredom.

Ova priča o princezi Diani ispričana je ekskluzivno kroz suvremene arhivske snimke stvarajući na taj način hrabru i impresivnu priču o njezinu životu i smrti. Okrenuvši kameru na sve nas, dokumentarac također osvjetjava duboki utjecaj koji je princeza imala te kakav je stav javnosti u vezi monarhije bio, a i još uvjek jest, upravo zbog tih dogadaja. Ovaj dokumentarac donose nam Oscarom i Emmyjem nagrađeni producenti filmova Čovjek na žici, Potraga za Sugar Manom i LA '92. te za Oscara nominirani redatelj filmova Crna ovca i Reci mi tko sam.

Documentary film The Princess is an intimate and immersive look at the life of Princess Diana, directed by Academy Award nominee Ed Perkins (Black Sheep, Tell Me Who I Am) and produced by Lightbox, Academy Award-winner Simon Chinn (Man on Wire, Searching for Sugar Man) and Emmy-winner Jonathan Chinn (LA92, HBO's Tina). Intensely emotional, The Princess is a visceral submersion into Diana's life in the constant and often intrusive glare of the media spotlight. The film unfolds as if it were in the present, allowing viewers to experience the overwhelming adoration, but also intense scrutiny of Diana's every move and the constant judgement of her character. Through archival material, the film is also a reflection of society at the time, revealing the public's own preoccupations, fears, aspirations, and desires.

ŽIVOT I SMRT **BESMRTNIKA**

Smrću Jean-Luc Godarda okončana je jedna filmska epoha. Kako je svojedobno tvrdio njegov nekad veliki prijatelj i zajedno s njim osnivač Francuskog novog vala, a kasnije doživotni neprijatelj François Truffaut - kinematografija se dijeli na filmove prije Godarda i poslije njega. Takva je definicija u ozbiljnim filmskim krugovima preživjela do njegove smrti. Njegovim konačnim odlaskom s ovoga svijeta, koji je također izrežirao (umro je potpomognutim samoubojstvom), nestala je i čarolija Francuskog novog vala koji je u kulturi ono što je Francuska revolucija za društvo uopće. Francuski su novovalci odbacili skupe filmske studije i kameru iznijeli na ulice, poput talijanskih neorealista, omogućivši time više autorske kreacije, a manje producentske upetljjanosti u filmska djela. Manje je poznato da je i ex *yu* pokret popularne glazbe Novi val dobio ime po ovoj filmskoj epohi koja je označila jedno potpuno novo doba u subkulturi.

Godardova ostavština je impresivna, na [IMDb](#)-u tako stoji zapisan 131 film koji je režirao, među njima je i nekoliko serijala s više epizoda. Doduše, dio tih filmova je kratkog metra, no bez obzira na to radi se o nevjerojatnoj brojci. Primjerice, Truffaut je režirao 28 filmova, Robert Bresson 14. Ono što nas kao dokumentariste posebno zanima jest da je Godard itekako dobro plivao u dokumentarnoj formi. Snimio je oko 35 dokumentaraca, pa je tako i na samom početku karijere praktički startao s dokumentarnim filmom i ovim se žanrom bavio tijekom cijele karijere. Sve do 2018. kada je snimio svoja posljednja dva filma, i opet je jedan od njih bio dokumentarni. Mnogi veliki redatelji nikada se nisu dohvatali ovog žanra, no Godard je u njemu vidiо mogućnost za dodatnu autorskiju inovaciju, inicijativu i eksperimentiranje. Stoga je legitimno da bilo koji filmski festival, bilo igranog, dokumentarnog ili eksperimen-

talnog, kratkog ili dugog filma, svojata Godarda i odaje počast ovom velikom filmskom akrobatu na različite načine. Možda čak i utemeljenjem nagrade za najuvrnutije filmove, zašto ne, jer Godard ako je išta bio, bio je uvrnut. Posve neочекivan. Prvoklasni filmski švaler. S njim je usporediv samo Bergman, s tim da osobno više volim ovog švicarskog Francuza.

Godard je uspio zato što je bio hrabar. Nije se bojao gurati svoje ideje, ma kako one bile neobične. On nije poput nas kolutao očima tražeći tko će prepoznati naše (anti)talente i gurnuti nas u mašinu. On je bio ta mašina koja je usisavala ljude u svoj vlastiti čarobni svijet. Zato, od Godarda ne treba učiti kopirajući njegove filmove, jer to je i besmisleno i nemoguće. Od Godarda treba učiti kako živjeti. A možda i kako umrijeti. Jer njegova rečenica, koju je podario drugom velikanu francuskog filma Jean-Pierreu Melvilleu da ju izgovori u filmu *Do posljednjeg daha* — „Ambicija mi je da postanem besmrstan, a onda da umrem“ - zapravo implicira da je Godard posve izrežirao i vlastiti život. A njegov je bio vraški dobar i uspješan. Pa zašto ga ne probati bar u tome malo kopirati? ☺

LIFE AND DEATH OF AN IMMORTAL

One film era ended with Jean-Luc Godard's death. As his former great friend and co-founder of the French New Wave, and later life-long enemy François Truffaut, once claimed - cinematography is divided into films before and after Godard. Such a definition existed until his death in serious film circles. With his final departure from this world, which he also directed (he died by assisted suicide), the magic of the French New Wave disappeared, which is to culture what the French Revolution is to society in general. The French New Wave filmmakers discarded expensive film studios and took the camera into the streets, like the Italian neorealists, thereby enabling more authorial creation and less producer involvement in film works. It is less known that the ex-Yugoslav popular music movement New Wave was named after this film era, which marked a completely new period in the subculture.

Godard's legacy is impressive; IMDB lists 131 films that he directed, among which several multi-episode series. Indeed, some

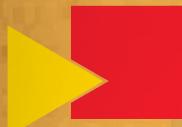

of these are short films, but regardless of that, this is an incredible number. For instance, Truffaut directed 28 films, Robert Bresson 14. What we are particularly interested in as documentary filmmakers is that Godard managed very well in documentary form. He filmed about 35 documentaries, so he practically started with documentary film at the very beginning of his career and was involved in this genre throughout his career. Until 2018, when he made his last two films, and again one of them was a documentary. Many great directors never got hold of this genre, but Godard saw the possibility for additional authorial innovation, initiative and experimentation in it. Therefore,

it is legitimate that any film festival, fiction, documentary or experimental, short or feature film festival, should recognize Godard and pay tribute to this great cinematic acrobat in different ways. Maybe even by establishing an award for the most twisted films, why not, because if Godard was anything, he was twisted. Completely unexpected. A first-class film stud. Only Bergman is comparable to him, with the fact that I personally prefer this Swiss Frenchman.

Godard succeeded because he was brave. He was not afraid to push his ideas forward, no matter how unusual they were. He didn't roll his eyes like us, looking for someone who will recognize our (anti)talents and push us into the machine. He was that machine that sucked people into his own magical world. Therefore, one should not learn from Godard by copying his films, because that is both pointless and impossible. One should learn from Godard how to live. And maybe even how to die. Because his line, which he gave to another giant of French cinema, Jean-Pierre Melville, to say in the film Breathless - "My ambition is to become immortal, and then to die" - actually implies that Godard completely directed his own life as well. And his was damn good and successful. So why not try to copy it at least a little? ☺

Dvanaestogodišnja Sofija mašta o kampiranju s ekipom i svojem prvom poljupcu. Ipak, ljetovanje će morati provesti u trošnoj obiteljskoj kući na Hvaru, sa svojom pomalo napornom bakom Marijom i luckastom tetom Luce. Bez društva i interneta, Sofijin život na Hvaru je pakao, ali monotoniju ubrzo prekida neobično ponašanje bake Marije. Sofija naslućuje da je u pitanju nekakva tajna romansa, ali velika istraga bakinog ljubavnog života zapravo rezultira otkrićem dugo čuvane obiteljske tajne. S novim prijateljstvima i pustolovinama Sofija dobiva svoje ljetovanje iz snova, ali i mnogo više.

Twelve-year-old Sofia dreams about a camping trip with her friends, and her first kiss. But she's forced to spend her summer in a worn-down family house on the island of Hvar with her overbearing grandma Marija and her quirky great-aunt Luce. With no friends or wifi, Sofia's life on Hvar is hell, but her boredom is undercut by grandma Marija's peculiar behaviour. Sofia suspects some kind of secret romance is at play, but a closer investigation of grandma's love life ultimately uncovers a long kept family secret. Sofia gets the summer of her dreams, fuelled with new friends, adventure and much more.
